

Gandhinagar Institute of Technology

A Report on

“Expert Talk on Internet of Things in Gaming”

(05 February 2022)

Event Overview:

Gandhinagar Institute of Technology, managed by Platinum Foundation organised an expert talk on “Internet of Things in Gaming” on 05/02/2022, Saturday with consideration of all the covid-19 guidelines provided by government of India. The expert talk was organized for 6th semester students by the Computer Engineering Department of GIT under the guidance of Dr. H. N. Shah (Director, GIT). Mr. Abhishek Pujara from Techmicra Solutions has conducted the session. The 6th semester students and faculty members of CE has attended the seminar.

Objective:

The objective of the seminar is to edify the students about the recent trends and technologies related to IoT. The major objective was to enlighten the student about the scope of IoT games and its business world.

Program Overview:

The seminar was attended by 132 students and faculty members of computer engineering department. The session started from 11:00 am to 01:00 pm with introduction of the expert at seminar hall, A105. The expert gave the basic introduction about Internet of Things and how it can be used in gaming world. The expert also gave practical demonstration about the topic. The session was concluded by solving the student’s query and discussing the future scope of IoT in gaming.
