A Report on

“Alumni Talk Series - Abhivyakti”

Webinar conducted by Mr Chintan Gurjar

(Career Hacking: So you finished your study, what's the next move?)

(28th June 2020, Sunday)

Alumni Talk at a Glance:

- Date: 28-06-2020, Time: 2:00 PM, Platform: Google Meet
- Invited Alumnus: Mr. Chintan Gurjar,
Manager(Cybersecurity Services),
KPMG - New Zealand
- Passout Year: 2011 CE dept.
- Host: Prof Vineeta Nishad & Moderator: Prof Swapnil Vakhariya
- Around 40 participants attended the alumni talk including students, faculties and alumni and learned about How to build strong resume and professional network for better career opportunities.

Objective of the event:

The objective of the Alumni Talk Series - ‘Abhivyakti’ is to organize interactions on a digital platform among current students and alumni on career opportunities and emerging trends of industry in different domains. The experiences and knowledge of alumni who have excelled in performance in their respective fields can motivate and guide the current students of GIT.

Brief Profile of the speaker:

Mr Chintan Gurhar has pursued his Bachelor's degree in Computer Engineering from GIT in 2011. Chintan is a manager in a multinational company called KPMG. He is working in New Zealand within the Cybersecurity domain with a strong technical and managerial experience of 8 years. His educational qualification includes a bachelor's degree in Computer engineering from our GIT college and Master's degree in Ethical Hacking and Cybersecurity from the University of Bedfordshire, London, United Kingdom. Chintan has published various articles in the world's leading technical magazines and has found security issues in large enterprises such as LinkedIn, and Twitter. As a part of his role, he helps large companies to prepare and respond against trending Cyberattacks by online criminals.

Activities during the event:

Under the banner of Gandhinagar Institute of Technology Alumni Association (GITAA) & SSIP, GIT invited his Alumnus Mr. Chintan Gurjar of batch 2007-2011 from Computer Engineering department for an expert session on “Career Hacking: So you finished your study, what's the next move?”. He is working as a manager in a multinational company called KPMG at New Zealand.

The expert session was held on 28-06-2020 during 02:00 to 3:30 pm on Google Meet platform. Prof Swapnil Vakhariya an introductory speech about the speaker of the session Mr Chintan

Gurjar. Around 40 students, alumni and faculties participated in this expert talk on How to build strong resume and professional network for better career opportunities. Alumni Mr Chintan Gurjar inspired the students with the story of his journey in Computer engineering field. He explained about the how to increase opportunities in their career by creating professional and informative resume as well how to build strong profile on professional network website like linkedin . He gave the details of the methodology to build strong career profile via resume, linkedin.

He guided the students about the necessary strategies to build a successful career. He discussed reasons for by being successful in your professional life makes you feel better among other people and certain habits and activities that successful people from all over the world do. The session was concluded with vote of thanks.

Outcomes of the event:

The Alumni Talk has facilitated interactions of students with alumni for career development&skills needed for grasping better job opportunities. The students were very enthusiastic to learn about present industry scenario in engineering field.

Feedback from students:

The whole webinar was interesting and I got answers for many of my questions.

- Harsh Shah
5th BE (CE) (180120107052)

The webinar was very informative and I am thankful to the alumnus for sharing his experiences.

- Adhyaru Vivek
5^h BE (CE) (180120107003)

Feedback from faculty:

The session was informative and interactive. Our current students learn so many things and really encouraged by the journey and experiences of the alumni.

- Prof. Maitri Patel
Asst. Prof, CE Department

Feedback from Alumni Expert:

I am thankful to GIT for inviting me to share my experiences and meet my faculties again. I hope that students will get inspired from my journey and become more focused towards their career goal. It was such a good interaction with the young engineers. I would be very happy to help the students in future also.
