

Gandhinagar Institute of Technology

A Report on Introduction to GDSC, 9th September 2022

Objective:

The GDSC team of Gandhinagar Institute of Technology organized Orientation Program for all the engineering students on 9th Sept 2022 with the objective of making them familiar with (Google Developer Student Clubs). Main focus of this event was to make the students understand;

- What is GDSC?
- How is GDSC beneficial to engineering students.
- How to be a part of it.
- Various skills they can learn as a part of GDSC

Introduction:

The introductory session was conducted online on 9th September 2022. The students were welcomed by the event host, Prutha Bhatt. They were then asked some technical questions that kept all the participants engaged, while the remaining joined in. Prutha then introduced the GDSC team lead, Harsh Peshwani who then explained 'What GDSC is?', the 3 benefits that one could receive as a part of GDSC which were;

1. Connections
2. Knowledge
3. Growth

Connections included meeting different students with diverse backgrounds and technical skills at the University.

Knowledge included a range of technical topics and new skills that the students could learn through hands-on workshops, events and project building activities, both online and in person.

Growth included how they could apply the skills they have learnt and advance their career and network by helping each other.

The difference between 'Core team and facilitators' was explained to the students after which the core team was introduced which had '**Harsh Peshwani**' Leading the GDSC, '**Kawa Viraj**' the Co-lead, '**Milin Parmar**' - Cyber Security team lead, '**Nayan Modi**' - AI/ML Lead, '**Dhyani Desai**' - Competitive Programming Team Lead, '**Meet Kataria**' - DSA team lead, '**Anish Karnik**' - Event Management and Hosting Team Lead and '**Prof. Mitul Maniar**' - Faculty Coordinator. The host for the Event '*Prutha Bhatt*' was then introduced. The core team members described their roles and job in short.

Upcoming events were then shown to the students which included DSA sessions, ML sessions, Hacktoberfest, Web Development sessions, Android Study jams and many more. Harsh Peshwani then introduced the chief guest **Param Radadiya** a 4th Year CE student at GECG who had lead GDSC in 2021 at his College and Founder, Ex-President, Senior student advisor @Club IDE.

Param then told an intriguing story to the students that showed how there are various sources of knowledge around us, but how GDSC is special and provides more than just knowledge to students. He then mentioned some benefits that students would get like awesome swags on completing milestones & participating in events, taking one's resume to next level, access to google developer resources and opportunities for free and more. Further on he shared a glimpse of 20 + events that he conducted as a part of GDSC at his premise and shared his experience. Lastly he wished best of luck to the Core team and students at GIT. At the end of session a QnA was arranged for the attendees which helped them clear any queries they had related to GDSC.

Why Join a GDSC?

Connect	Learn	Grow
Meet students interested in different technologies at your university. All are welcome, including those with diverse backgrounds and different departments.	Learn about a range of technical topics and gain new skills through hands-on workshops, events, talks, and project-building activities—both online and in-person.	Apply new learnings to build great solutions for local problems. Advance your skills, career, and network. Give back to your community by helping each other.

Chief Guest explaining the benefits of joining GDSC

The screenshot shows a Zoom meeting interface. On the left, there is a vertical list of participants: Anish Karnik, Pruthi Bhatt, Anish Karnik, Dhyani Desai, Param Radadiya, and Nayan Modi. The main screen displays a presentation slide with the following content:

- Title:** Glimpse
- Text:** Conducted 20+ Events
- Logos:** Android logo and Google Developer Student Clubs logo.
- Images:** A collage of photos showing various events, including a person holding a certificate, a group of people sitting on the floor, and a group standing together.
- Footer:** Google Developer Student Clubs, Gandhinagar Institute of Technology.

At the bottom of the Zoom window, there are controls for Unmute, Start video, Share screen, Stop recording, Simulcast, and Leave.

Chief Guest Sharing his experience

The screenshot shows a Zoom meeting interface. On the left, there is a vertical list of participants: Pruthi Bhatt, Anish Karnik, Dhyani Desai, Param Radadiya, and Nayan Modi. The main screen displays a presentation slide with the following content:

- Quote:** "Alone we can do so little, together we can do so much."
- Attribution:** -Helen Keller
- Decorative Elements:** Yellow background with white grid lines and icons of a graduation cap, a globe, and quotation marks.

On the right side of the Zoom window, there is a chat window with the following messages:

- DAVE TARANG** 7 minutes ago: Sure
- Aishwarya Santani** 7 minutes ago: Sure
- Jinendra Jain** 7 minutes ago: Sure
- kuldeep Gohel** 7 minutes ago: Sure
- DAVE TARANG** 2 minutes ago: I can understand our team, like we have Param Radadiya for AR/VR, Milin Parmar for Cyber Security Team Lead - but what about Cloud? any info on that?

At the bottom of the Zoom window, there are controls for Unmute, Start video, Share screen, Stop recording, Simulcast, and Leave. The system tray at the bottom shows network speed (1.00 KB/s), language (ENG/IN), and time (07:26 PM, 08-09-2022).
