*"EDUCATION IS THE PASSPORT TO THE FUTURE, FOR TOMORROW BELONGS TO THOSE WHO PREPARE FOR IT TODAY." - MALCOLM X*

Dear friends,

I am humbled and grateful to serve as the President of Gandhinagar University, an institution that stands for academic excellence, social responsibility, and global vision. As we look back at the 16-year journey, I am filled with pride and joy at the progress we have made, the challenges we have overcome, and the opportunities we have created for our students and community.

At Gandhinagar University, we believe that education is not just a means to a degree or a job but a lifelong pursuit of knowledge, skills, and values. We are committed to providing our students with a multi-disciplinary education that combines the best of theory and practice, research and innovation, and local and global perspectives. Our faculty members are not only experts in their fields but also passionate teachers and mentors who inspire and guide our students towards their full potential.

Moreover, we are committed to providing our students with authentic opportunities for research, innovation, and entrepreneurship by having invested in state-of-the-art facilities, labs, and equipment that enable our students to apply their theoretical knowledge to real-world challenges.

Our aspiration is to be a global leader in higher education, research, and innovation. Collaborations with leading universities, research institutes, and industries around the world provide international exposure, exchange, and collaboration. Creating global citizens and leaders is our goal to contribute to solving pressing challenges facing humanity.

As a non-profit organization, we are driven by a social mission to serve the needs of our community in three critical areas: medical aid, education, and nourishment (food). We believe that access to quality education is not a privilege but a fundamental right of every child and youth, regardless of their background or ability.

Join us on this exciting journey of learning, discovery, and transformation. Together, we can create a brighter and more sustainable future for ourselves and for generations to come.

Thank you and best wishes.

# MESSAGE FROM VICE PRESIDENT'S DESK

**Ms Vinita Rohera**  
Vice President

*"TOGETHER, WE ARE A FORCE FOR THE FUTURE".*

Dear Students, Faculty and Staff,

I hope this message finds you all in good health and spirits. I want to take a moment to reflect on the challenges we have faced and the accomplishments we have achieved together during the year gone by.

Over the past year, we have navigated significant changes to our learning, teaching, and research environments. The COVID-19 pandemic has required us to adapt quickly and creatively to new circumstances, and I am proud of the resilience and determination that our community has demonstrated throughout this time.

Despite the obstacles we faced, we have continued to pursue our mission of providing a world-class education to our students and advancing knowledge through ground breaking research. Our faculty have continued to produce innovative scholarship, and our students have continued to engage in rigorous academic work and extracurricular activities.

As we look ahead to the coming year, I am confident that we will continue to rise to the challenges before us and build a stronger, more vibrant community. I want to thank you all for your hard work, dedication, and commitment to excellence. Together, we will continue to make a positive impact on the world.

# MESSAGE FROM THE VICE CHANCELLOR'S DESK

**Dr K N Sheth**  
Vice Chancellor

## *A VERY WARM AND AFFECTIONATE WELCOME TO ALL OF YOU!*

In pursuance of the vision of continuing herculean task of nation building, Gandhinagar University has been making sincere efforts to promote excellence in education. There is constant endeavor to bring holistic approach through multidisciplinary education.

The perspective of Gandhinagar University is "high quality pedagogy plus choice-based credit system" with continuous performance management of the students to transform them to 'ready for industry' in accordance with the New Education Policy (NEP) 2020. Most of the programs of this University cover internship with local industry and businesses with research and innovation focus. The students at this University are determined to accept the challenges globally. In this context, I must state that it is a substantial fact that the Innovation Cell of this University has been rated by Ministry of Education, Government of India at 3.5 out of scale of 4.

This is the University that promote the students all faceted development of wellness- not only physical fitness but also psycho-social well- being with ethical mind-set to achieve specified learning outcomes as all our programs are outcome based. This young Gandhinagar University has been awarded as 'Prominent University for Futuristic Education' by Divya Bhaskar this year.

The University achieved many laurels of excellence in its short time of establishment and is striving hard to accomplish many more.

I also acknowledge the contribution of all alumni who have made an indelible mark wherever they have reached. I urge our alumni for their necessary support cooperation, coordination, and guidance with appropriate constructive suggestions for betterment of their alma mater.

The infrastructure of our university is huge, with equipped laboratories with highly qualified, dedicated and committed faculty.

I have great pleasure in inviting you to this great University to join the family of academic fraternity.

# A CENTRE OF EXCELLENCE

>>> Learn. Pursue. Grow

In 2006, Gandhinagar University was born as the Gandhinagar Institute of Technology, but it has since then transformed into a globally-renowned, student-centered, research-oriented, and multidisciplinary State Private University. With a grand vision and an unwavering commitment to academic excellence, the University is fast becoming an education hub that is poised to revolutionize higher education in India.

Gandhinagar University has emerged as a beacon of hope for students seeking to soar higher than the rest. With a philosophy rooted in the belief that education is the key to unlocking limitless opportunities, the University has set its sights on creating a learning environment that is second to none.

Nestled amidst lush greenery, the picturesque campus of Gandhinagar University is an oasis of peace and tranquility. Here, students are inspired to think deeply and creatively across various fields, emerging as independent thinkers and compassionate leaders who are committed to making a difference in their communities and country.

Here, education is not just about textbooks and lectures; it's about creating unique opportunities that set it apart from other institutions. The University organizes events that are unlike any other, providing students with unparalleled experiences that help them grow and learn.

Gandhinagar University is committed to social relevance and empowering young minds by imparting quality education, research, and training. Its special emphasis on a multidisciplinary and skill-based approach, as outlined in the New National Education Policy, 2020, sets it apart as a pioneer in the field of higher education.

Whether you're seeking to deepen your knowledge in a specific field or explore new horizons, Gandhinagar University is the perfect place to pursue your dreams and aspirations. Join us on this exciting journey and let's create a brighter future together!

## **Vision**

To equip our students with the knowledge and skills necessary to succeed in a rapidly-changing, digitally-advanced world, and to provide them with equal opportunities to compete on a global level. Through innovative research and a commitment to excellence, we strive to create a sustainable and equitable society for all.

## **Mission**

To provide an educational experience that emphasizes problem-solving, cultivates leadership, communication, and interpersonal skills, and prioritizes well-being. We strive to create a collaborative environment that fosters the free exchange of ideas and empowers individuals to achieve their full potential through research, creativity, innovation, and entrepreneurship.
