Introduction:

The Anti-Ragging Committee is an essential component of educational institutions that strives to maintain a safe and conducive environment for students. Ragging refers to any form of physical or psychological abuse, harassment, or humiliation inflicted on new students by their seniors, which can lead to serious physical and mental consequences. To prevent such incidents and ensure the well-being of students, educational institutions establish Anti-Ragging Committees.

The Anti-Ragging Committee is typically comprised of faculty members, administrative staff, and student representatives. These individuals are entrusted with the responsibility of addressing and resolving ragging-related issues promptly. The committee acts as a guiding force, enforcing strict rules and regulations against ragging activities, while also promoting a culture of respect, empathy, and inclusivity within the campus.

Objectives:

The primary objectives of the Anti-Ragging Committee include:

1. **Prevention:** The committee aims to create awareness among students about the negative consequences of ragging through campaigns, orientations, and workshops. It strives to build a harmonious environment where every student feels secure and can focus on their academic pursuits.
2. **Complaint Handling:** The committee establishes a robust mechanism for reporting and addressing ragging incidents. It ensures that all complaints are treated with utmost confidentiality and sensitivity. Students are encouraged to come forward and report any incidents, and the committee ensures that appropriate action is taken against the perpetrators.

3. **Counseling and Support:** In addition to addressing specific ragging incidents, the Anti-Ragging Committee provides counseling and support to the victims. It helps them cope with the trauma and guides them towards the necessary resources for recovery. The committee may collaborate with the institution's counseling services or external professionals to ensure the well-being of affected students.
4. **Regular Monitoring:** The committee conducts regular inspections and monitoring activities to detect any potential ragging activities within the campus. It maintains vigilance and promptly intervenes to prevent any untoward incidents. The committee also coordinates with the local authorities, if required, to ensure the safety and security of the students.
5. **Disciplinary Actions:** The Anti-Ragging Committee works in conjunction with the disciplinary authorities of the institution to take appropriate actions against those found guilty of ragging. These actions may include counseling, warnings, fines, suspension, or even expulsion, depending on the severity of the offense.

In conclusion, the Anti-Ragging Committee plays a crucial role in creating a safe and nurturing environment within educational institutions. By raising awareness, providing support to victims, and taking disciplinary actions against the offenders, the committee strives to eliminate ragging and promote a culture of respect and dignity for every student.

Working of the Anti – Ragging Committee:

The working of an Anti-Ragging Committee involves several key steps and processes to effectively address and prevent ragging incidents within an educational institution. Here is an overview of the typical functioning of an Anti-Ragging Committee:

1. Formation: The committee is formed by the institution's administration, consisting of members from various departments, including faculty members, administrative staff, and student representatives. The committee is led by a designated Chairperson who oversees its activities.
2. Awareness Campaigns: The committee conducts awareness campaigns, workshops, and orientations to educate students about the negative consequences of ragging. These initiatives aim to sensitize both new and existing students about the importance of maintaining a safe and respectful campus environment.

Phone: 9904405900/01, Email: registrar@gandhinagaruni.ac.in

3. Complaint Mechanism: The committee establishes a robust and confidential complaint mechanism, encouraging students to report any incidents of ragging. This mechanism may include anonymous complaint boxes, dedicated helplines, or online reporting platforms. Students are assured that their identities will be protected, and appropriate action will be taken.
4. Prompt Response: Once a complaint is received, the committee acts promptly to address the issue. They investigate the incident, gather evidence, and ensure the confidentiality and safety of the victim. Immediate steps may be taken to protect the victim from further harm.
5. Counseling and Support: The committee provides counseling and support services to the victims of ragging. This can involve arranging counseling sessions, connecting victims with professional counselors, or providing access to helplines and support groups. The objective is to help victims overcome the trauma and facilitate their recovery.
6. Disciplinary Actions: If the allegations are substantiated, the committee collaborates with the disciplinary authorities of the institution to take appropriate actions against the offenders. These actions may range from warnings, fines, and suspension to expulsion, depending on the severity of the offense and institutional policies.
7. Monitoring and Vigilance: The committee maintains regular monitoring of the campus to detect and prevent any potential ragging incidents. They may conduct surprise visits, interact with students, and remain vigilant to ensure a safe environment. The committee also collaborates with security personnel or local authorities, if required.
8. Documentation and Reporting: The committee maintains detailed records of all ragging-related incidents, complaints, and actions taken. These records help in monitoring trends, evaluating the effectiveness of preventive measures, and complying with legal requirements, if any.
9. Collaboration with External Agencies: In certain cases, the committee may collaborate with external agencies such as the police, local authorities, or non-governmental organizations

(NGOs) to ensure effective handling of severe ragging cases or to seek additional support and resources.

10. Periodic Review and Improvement: The Anti-Ragging Committee periodically reviews its functioning, policies, and preventive measures to identify areas for improvement. They may seek feedback from students, faculty, and staff to gauge the effectiveness of their initiatives and make necessary adjustments.

By following these steps and maintaining a proactive approach, the Anti-Ragging Committee aims to create a safe and respectful campus environment where every student can thrive without fear of ragging or harassment.

Duties and Responsibilities of the Anti – Ragging Committee:

The Anti-Ragging Committee is entrusted with various duties and responsibilities to effectively address and prevent ragging incidents within an educational institution. Here are the common duties and responsibilities of an Anti-Ragging Committee:

1. Policy Formulation: The committee is responsible for formulating and reviewing the institution's policies, rules, and regulations related to ragging. They ensure that these policies are comprehensive, well-defined, and in accordance with relevant laws and guidelines.
2. Awareness and Prevention: The committee conducts awareness campaigns, workshops, and orientations to educate students, faculty, and staff about the consequences and legal implications of ragging. They promote a culture of respect, empathy, and inclusivity within the institution.
3. Complaint Handling: The committee establishes a robust mechanism for receiving, documenting, and addressing complaints related to ragging. They ensure that complaints are treated with utmost confidentiality and sensitivity. Prompt action is taken to investigate the allegations and ensure the safety of the victims.

their initiatives and make necessary adjustments based on feedback and changing circumstances.

By fulfilling these duties and responsibilities, the Anti-Ragging Committee plays a vital role in maintaining a safe and inclusive educational environment, protecting the rights and well-being of students, and preventing the harmful practice of ragging.

Powers of the Anti – Ragging Committee:

The Anti-Ragging Committee is vested with certain powers to effectively address and combat ragging incidents within an educational institution. These powers enable the committee to take necessary actions and enforce disciplinary measures. Here are the common powers of an Anti-Ragging Committee:

1. Investigation: The committee has the power to conduct thorough investigations into complaints of ragging. They can gather evidence, interview witnesses, and take statements from the parties involved to ascertain the truth of the matter.
2. Interrogation: The committee may summon students, faculty, staff, or any other individuals suspected of being involved in ragging for interrogation. They have the authority to question these individuals and seek relevant information to establish the facts of the case.
3. Disciplinary Action: Upon finding individuals guilty of ragging, the committee can recommend appropriate disciplinary actions to the institution's disciplinary authorities. These actions may include warnings, fines, suspension, expulsion, or any other disciplinary measures as per the institution's policies.
4. Prevention Measures: The committee has the power to enforce preventive measures within the institution to deter ragging. They can establish rules and regulations, conduct awareness programs, and implement strict guidelines to create a safe and respectful environment for all students.

5. Reporting: The committee has the authority to report ragging incidents to the institution's management and relevant authorities. They provide detailed reports of their investigations, findings, and recommended actions to ensure accountability and transparency.
6. Collaborative Efforts: The committee has the power to collaborate with external agencies, such as the police, local authorities, or NGOs, to seek their assistance in handling severe cases of ragging or to ensure the safety and well-being of the students.
7. Compliance Monitoring: The committee can monitor the compliance of students, faculty, and staff with the anti-ragging policies and guidelines. They may conduct regular inspections, surprise visits, or use other monitoring mechanisms to ensure adherence to the rules.
8. Recommendations: The committee can make recommendations to the institution's management regarding the improvement of anti-ragging policies, awareness programs, preventive measures, or any other aspects related to ragging prevention and student well-being.

It's important to note that the exact powers of an Anti-Ragging Committee may vary based on the institution's policies, local laws, and regulations. These powers are aimed at empowering the committee to effectively address ragging incidents, take appropriate actions against offenders, and create a safe and conducive learning environment for all students.

Reporting of the Anti – Ragging Committee:

The reporting of the Anti-Ragging Committee involves documenting and reporting various aspects related to ragging incidents, complaints, investigations, and actions taken. Clear and comprehensive reporting ensures transparency, accountability, and facilitates the implementation of preventive measures. Here are the key aspects of reporting by the Anti-Ragging Committee:

1. Incident Reporting: The committee maintains a record of all reported ragging incidents. This includes information such as the date, time, location, nature of the incident, parties involved,

and details of the complainant. It is important to maintain accurate and detailed information to assess the frequency and severity of ragging cases.

2. Complaint Documentation: The committee documents the complaints received related to ragging. This includes recording the complaints in a structured format, ensuring the confidentiality of the complainants, and assigning a unique identifier to each complaint for tracking purposes.
3. Investigation Reports: Once an investigation is conducted, the committee prepares investigation reports detailing the findings, evidence collected, statements recorded, and conclusions reached. These reports provide a comprehensive overview of the investigation process and form the basis for determining further actions.
4. Recommended Actions: The committee documents and reports the recommended actions to be taken against individuals found guilty of ragging. This includes specifying the disciplinary measures, such as warnings, fines, suspension, expulsion, or any other appropriate actions, as per the institution's policies.
5. Communication with Authorities: The committee communicates the details of ragging incidents and the actions taken to the institution's management and relevant authorities, such as the principal, dean, or director. This ensures that higher authorities are informed and can provide necessary support and guidance in addressing the issue.
6. Compliance Reporting: The committee reports on the compliance of students, faculty, and staff with anti-ragging policies and guidelines. This includes providing periodic reports on the implementation and effectiveness of preventive measures, awareness campaigns, and disciplinary actions.
7. Trend Analysis and Recommendations: The committee analyzes the data from reported incidents, investigations, and actions taken to identify trends, patterns, and areas for improvement. They prepare reports with recommendations for enhancing anti-ragging policies, preventive measures, and awareness programs.

8. External Reporting: The committee may be required to report ragging incidents to external agencies, such as the police, local authorities, or higher education regulatory bodies, depending on the severity of the incidents or legal requirements.

It is crucial for the Anti-Ragging Committee to maintain confidentiality and privacy while reporting incidents and ensure compliance with any applicable laws and regulations regarding data protection and privacy.

Effective reporting by the Anti-Ragging Committee plays a vital role in creating a safer environment, addressing ragging incidents, and monitoring the progress of anti-ragging initiatives within the institution.

About

As per the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2015, also known as the 'PoSH Act,' Gandhinagar University has formed the Internal Complaint Committee (ICC) at the University level in the year 2022-23.

To address and prevent workplace harassment, particularly sexual harassment, the Internal Complaints Committee is essential.

This committee aims to make the workplace safer for women and girls students by halting, restricting, and resolving sexual misconduct against them in the organization. Along with, protecting women against gender discrimination, and any form of harassment and providing means of redress if such a case arises.

Vision

"To foster a culture of inclusivity, equality, dignity for all along with protecting women against gender discrimination, and any form of harassment and providing means of redress if such a case arises".

Mission:

1) To establish a safe atmosphere in both the physical and social realms to prevent sexualharassment.
2) Committed to staff members the freedom to report harassment of any kind withoutworrying about repercussions.
3) To ensure that grievances will be treated delicately and with the utmost secrecy.
4) To ensure that anti-harassment policies and procedures comply with the most recent legislative requirements by reviewing and updating them whenever required.
5) To organize expert sessions, training sessions, and awareness campaigns to educate staff members on their legal obligations and the value of a harassment-free workplace.

Principles:

The principle of gender equality is enshrined in the Indian Constitution in its preamble, fundamental rights, fundamental duties, and directive principles. The Constitution not only grants equality to women but also empowers the State to adopt measures of positive discrimination in favor of women.

- It should maintain the confidentiality of all matters discussed by the GU's ICC
- Unbiased, Independence, simplicity and Fairness
- No opinion expressed about any ICC at GU outside the Committee.
- All members availability and approachability at all times
- Maintenance of Proper conduct by the members at all times

Functions:

1) Assure the safe working environment at the campus which shall include safety from the persons coming into contact at the University.

2) To create an effective organizational structure for improving the status of women in the institution.

3) The committee shall advise the management about a broad range of issues and concerns that influence women's work lives and status in the institution at all levels and in every aspect of operations and educational programs. Issues may include, but or not limited to:
   a) Equity for women in the organization concerning hiring, promotion, and compensation.
   b) Specific strategies for women to achieve upward mobility.
   c) Strategies for increasing the representation of women throughout upper levels of the organization and in areas where women are generally under represented.
   d) Educational programs for the workforce regarding gender equity, work-life balance, etc.

4) To sensitize all members of the University community towards the Supreme Court and statutory mandate prohibiting gender discrimination and sexual harassment at the Institute and encourage involvement through academic, cultural, and outreach activities such as talks, seminars, workshops, community action, drama, street theatre, poster-making, etc.

5) Organize workshops and awareness programs at regular intervals to sensitize the employees and students to the provisions of the Act and orientation programs for the members of the Internal Complaint

Committee in the manner as may be prescribed.

6) To encourage participation from NGOs and law enforcement agencies for dialogue, discussion, and deliberation on women's rights and gender-related issues.

7) To provide a platform for registering complaints in the context of sexual harassment and to provide necessary facilities to the Committee for dealing with such complaints and conductingan inquiry for the same.

8) To become a resource center for women and provide a forum for the exchange of ideas.

9) To review safety and security measures for female employees and female students at the Gandhinagar University campus.

10) Treat sexual harassment as misconduct under the service rules and initiate action for suchmisconduct.

Rules and regulations:

The ICC is constituted to help maintain a harmonious atmosphere at the Institute, and to enable women to pursue their work with dignity and reassurance. The Cell has been working to raise awareness of gender equality issues.

This Cell functions as the "Complaints Committee" as required by the "Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2015".

The institute is committed to maintaining a professional learning and working environment for its students, employees, and guests. One of the Women Cells' mandates is to prevent gender discrimination and inappropriate sexual conduct. This is best achieved through promoting gender sensitivity and justice amongst all GU's employees

Introduction

The term "sex" often circulates discussions surrounding the physical distinctions between women and men, seemingly universal in nature. On the other hand, "gender" refers to socially constructed roles assigned to individuals based on cultural, political, environmental, economic, and faith-based factors. These roles are further shaped by customs, laws, class, ethnicity, and biases, both individual and institutional. Gender definitions are learned and can undergo transformations. India, in particular, has a complex history regarding evolving gender roles and women's participation. While women appear to have progressed beyond patriarchal constraints, societal expectations still exert a significant influence.

In contemporary times, women demonstrate independence and financial self-sufficiency across various domains. Educational institutions, considered sacred spaces, require enhancement to ensure gender justice and equitable treatment in an open and transparent environment. Students at Gandhinagar University, irrespective of gender, should comprehend the importance of gender sensitization mechanisms within their legal education realm. As aspiring legal professionals, they have a responsibility to establish a stress-free and inclusive academic environment that fosters fluid academic exchanges. It is crucial to challenge and discard certain entrenched stereotypes in this pursuit.

Women V/S Men

- Poor - Rich
- Weak - Powerful
- Bonded - Free
- Housekeepers - Breadwinners
- Weak kneed - Braveheart
- Liberals-Realists

Women students at Gandhinagar University should skillfully incorporate the plethora of adjectives and statistics available to them, creating a compelling effort to raise awareness about women's issues. These include harassment in educational institutions, workplaces, and public spaces like transport systems in cosmopolitan cities, as well as the glass ceiling faced by women employees in various private and public sector organizations.

It is crucial for female students to build trust with their male friends and dispel fears and misconceptions within the student community regarding our esteemed institution, "GenSen." With the support of everyone, we have developed a well-oiled and efficient redressal mechanism that has proven effective in times of distress for women in our university.

The guidelines for preventing and deterring sexual harassment in the workplace, established by the Supreme Court of India in the Vishaka vs. State of Rajasthan case on August 13, 1997, serve as a guiding light for "GenSen." The National Human Rights Commission has also directed the University Grants Commission to circulate these directives among other universities.

To combat harassment, it is essential to collectively speak up against offenders. If societal pressures make this challenging, reporting the incident to higher authorities promptly is crucial to initiating necessary actions. Timely reporting is key to preventing further instigation by the offender.

Addressing harassment in public places is equally important, and future arbitrators at Gandhinagar University must earnestly consider gender issues. Harassment should not be confined to the physical realm; mental and psychological torment in educational institutions, even in prestigious centers of learning, must be recognized as a crime deserving of atonement.

Our initiative in Gandhinagar University and its surrounding community aims to unleash a united effort against all forms of vice. Let us all be like Charlie's Angels, joining forces to confront those who transgress virtue. Meet our coordinators for "GenSen"

The Income Tax Department takes pleasure in informing that the PAN allotted to you is :

AABTP1113G

and the PAN card is enclosed herewith. Further, for filing the return of income, please contact :

ADIT EXEMPTION 1, AHMEDABAD

Quoting of PAN on return of income and challans for payment of taxes is necessary to ensure accurate credit of taxes paid by you and faster processing of return of income. Moreover, quoting PAN on all other communications with the department will help to improve taxpayer services.

We may inform that it is **mandatory to quote PAN** in several transactions specified under the Income Tax Act, 1961. For further details of such transactions, reference is invited to rule 114B of the Income Tax Rules, 1962 read with section 139A of the Income Tax Act, 1961.

In the unlikely event of **more than one PAN being allotted**, this fact should be brought to the notice of your Assessing Officer, as **possessing or using more than one PAN is against law and may attract penalty of upto Rs. 10,000/-.**

Any errors in the data printed on your PAN Card may be brought to the notice of IT PAN Services Unit at the address given above and on the reverse of the PAN Card.

Subject: Submission of the First Statutes of Gandhinagar University

Respected Sir,

With reference to the subject caption above, we hereby submit the First Statutes of Gandhinagar University in accordance with the provisions of the Gujarat Private Universities Act of 2009.

The Gandhinagar University is promoted by the Platinum Foundation Trust which is registered as a public trust under the Public Trust Act, with Registration No. E-17490, dated 19 June 2006 in Ahmedabad, Gujarat. The trust has a clear mission to become a leading center for excellence in education, with a focus on both fundamental and applied areas of knowledge. Additionally, it seeks to collaborate closely with businesses and industries to promote technological innovation and economic development.

OLC 25/5/23

On April 1, 2022, with the esteemed support and approval of the Gujarat Assembly, the bill for establishing Gandhinagar University was successfully passed. This marked a significant milestone in our pursuit of providing quality education and fostering academic excellence in our state. Following this, on April 7, 2022, Gandhinagar University was formally enacted as a State Private University, further solidifying its commitment to promoting education and research.

GANDHINAGAR

We firmly believe that Gandhinagar University has the potential to become a center of excellence in education, research, and innovation, contributing significantly to the development of our society and the nation at large. The university aims to foster an inclusive learning environment, empowering students to excel academically, develop critical thinking skills, and cultivate a sense of social responsibility.

We kindly request you to accept the submission of the first statutes of Gandhinagar University and initiate the necessary review process. We would greatly appreciate any guidance or feedback you may have to further enhance the statutes and ensure their compliance with the regulations and guidelines set forth by the Education Department.

Thank you for your consideration. We eagerly await your response and the opportunity to contribute to the educational landscape of Gujarat.

Yours sincerely,

President

Shri. Mukesh Kumar, IAS
Principal Secretary (Higher and Technical Education),
Education Department, GoG,
Block No. 5, 8th Floor, Sachivalaya,
Gandhinagar.

Subject: Submission of the First Statutes of Gandhinagar University

Respected Sir,

With reference to the subject caption above, we hereby submit the First Statutes of Gandhinagar University in accordance with the provisions of the Gujarat Private Universities Act of 2009.

The Gandhinagar University is promoted by the Platinum Foundation Trust which is registered as a public trust under the Public Trust Act, with Registration No. E-17490, dated 19 June 2006 in Ahmedabad, Gujarat. The trust has a clear mission to become a leading center for excellence in education, with a focus on both fundamental and applied areas of knowledge. Additionally, it seeks to collaborate closely with businesses and industries to promote technological innovation and economic development.

On April 1, 2022, with the esteemed support and approval of the Gujarat Assembly, the bill for establishing Gandhinagar University was successfully passed. This marked a significant milestone in our pursuit of providing quality education and fostering academic excellence in our state. Following this, on April 7, 2022, Gandhinagar University was formally enacted as a State Private University, further solidifying its commitment to promoting education and research.

GANDHINAGAR UNIVERSITY

We firmly believe that Gandhinagar University has the potential to become a center of excellence in education, research, and innovation, contributing significantly to the development of our society and the nation at large. The university aims to foster an inclusive learning environment, empowering students to excel academically, develop critical thinking skills, and cultivate a sense of social responsibility.

We kindly request you to accept the submission of the first statutes of Gandhinagar University and initiate the necessary review process. We would greatly appreciate any guidance or feedback you may have to further enhance the statutes and ensure their compliance with the regulations and guidelines set forth by the Education Department.

Thank you for your consideration. We eagerly await your response and the opportunity to contribute to the educational landscape of Gujarat.

Yours sincerely,

President

To address these issues, it is important to create a learning environment where students can feel at ease, discover their interests and inner selves, connect with other students and teachers, strive for academic excellence, gain a wider perspective on life, and put human values into practice in order to develop their character. Orientation Program includes a range of exercises that help students get beyond any challenges.

About Event:

The entire program of orientation was designed by Ms. Vinita Rohera, Vice President and Prof. Dr. K.N. Sheth, Hon'ble Vice Chancellor of the university. Prof. (Dr.) Rajan Patel, Chief Coordinator, Dr. Mihir Suthar, member and Mr. Darshan Shah, member of orientation program 2023, Gandhinagar Institute of Technology, Gandhinagar University coordinated the entire program during 18 July, 2023 to 21 July, 2023 with different phases. The following different activities were done during orientation program.

Sr.No.	Date	Orientation Program Activity
1	18/07/2023	Welcome to the Newly admitted students
		Motivational Talk by Ms Priyanka Basu
2	19/07/2023	Workshop on Vedic Mathematics
		Motivational Talk with Mr Abnish Singh, VP, Pharma Practice at THB
		Interaction with GU Seniors
3	20/07/2023	Indoor Games
		Creative Thinking Workshop with Prof. Dilip Oza (Retd. Professor, NID)
		Interaction with the Industry Expert
4	21/07/2023	"Shape Your Destiny" with Mr. Vivek Randeria (Corporate Trainer)
		Jamming Session

Date: 18/07/2023 Day: Tuesday

Gandhinagar University organized expert talks and informative sessions for newly enrolled students on the very first day of orientation program i.e. 18/07/2023, Tuesday. More than 300 students of various Institutes actively participated and enjoyed this program. First semester students were greeted by faculties and given a tour of their departments and campus amenities. Prof. Dr. K. N. Sheth, Vice Chancellor, shared his knowledge and experience to the newly admitted students. Dr Kartik Jain, Registrar gave an overview regarding academic pattern of the university for academic year 2023-24 which was very informative to the students. The University's coordinator for overall placement, Mr. Snehal Barot, also gave the students information on the placement process. Dr Umang Patel gave information about exam process to students. Expert Ms. Priyanka Basu delivered a motivational speech with her singing performance. Dr Prashant Pandya delivered a motivational speech to newly admitted students. At the end of the session Dr Sneha Patel, BTech first year coordinator gave vote of thanks and completed successfully session.

Date: 19/07/2023 Day: Wednesday

First session was started with presentation of Vedic mathematics by Dr Mihir Suthar, Assistant Professor, Gandhinagar University. Vedic Mathematics is a collection of Methods to solve numerical computations quickly and faster which can be applied to the solving of problems in arithmetic, algebra, geometry, calculus, etc. He gave a superb presentation on Vedic mathematics by explaining it to everyone in a clear and simple manner. After the ending of the session, RJ Niyati came and surprised to students and entertained them with fun games.

Second session was started with motivational talk by expert Mr Abnish Singh, Vice President -Pharma Practice in THB - A Southeast Asia's largest Clinical Intelligence Company. The young brains of our institution were inspired by Mr. Abnish Singh's excellent discourse on leadership development, industrial training, and management to work independently, in industry, and in many multidisciplinary fields.

To break the ice between new entrants and already existing students, a "junior-senior interaction" program was organized at the campus by the institute under the guidance of Dr. Sneha Patel and social media coordinator Mr. Mitul Maniar. The aim of this session was to set up a healthy relationship between freshers and seniors and make the transition of first-year students from school to college smoother. In this session seniors, while playing a dual role of a friend and a mentor, counselled the freshers on how to study, what to study, career opportunities, higher studies and internship and job opportunities. The inter-batch dialogue with seniors was a great help for freshers. In the end, freshers felt motivated and appreciated this session.

Date: 20/07/2023 Day: Thursday

First session of the day, Gandhinagar University were planned the event under the supervision of Mr Ashwin Rajput, Sports Coordinator. All the participants were keen to engage in the activities like Quizzes, Ludo, Chess, Carom, Table Tennis etc. as it provides the different opportunities in their interests other than academic routine-based activities. Students actively participated in various sports and attained strategic skills by involving themselves in the mind games. The top three participants in each activity received awards at the end of the activity session.

After actively participating in Sports activities, Students attended the second session of Creative Thinking workshop by Prof. Dilip Ojha, Retd Professor at National Institute of Design (NID). Prof. Dilip Ojha described research, bravery, risk-taking, perseverance and opportunities for growth to encourage students to be more creative and innovative. He motivated students to try new things in their work and provide them to share creative ideas with one another. The session was enjoyable and helped the first-year students to think creatively and innovate new things. Other speakers Dr Samir Patel and Dr Durgesh Pandey delivered informative sessions to students on Pharma industries and Forensic science. Dr. Samir Patel discussed the importance and big role of technological aspects related to various engineering branches in the field of Pharmaceutical Sciences. Dr. Durgesh Pandey explained that Forensic science is the use of scientific procedures and methodologies in a variety of legal and criminal contexts. He inspired the students to come up with this innovative technique to find the tangible proof needed for the inquiry done by security persons. Students learned a lot about how technology supports forensic science and pharmaceutical research during both sessions.

Last session was conducted by expert Mr Amit Singh, founder of Amigo Cyber Security and Digital forensics. Cybersecurity and digital forensics is the protection to defend internet-connected devices and services from malicious attacks by hackers, spammers, and cybercriminals. The practice is used by companies to protect against phishing schemes, ransomware attacks, identity theft, data breaches, and financial losses. He provided wonderful guidance to the freshers about the scopes and opportunities in the field of Cyber Security and Digital forensics. After the ending of the session, Mr Aditya Patel, Digital Creator came and entertained to students with fun activities.

Date: 21/07/2023 Day: Friday

First session was started by expert Mr Vivek Randeria for first year students to aware about various opportunities and trends in the field of engineering and technology after the course completion in India and Abroad. He gave an elaborative introduction about the various opportunities and scope in the field of technology and engineering. He suggested varied ways and ideas on how to opt the career in abroad. He further highlighted that Career guidance plays a very important role in the lives of all individuals, as it helps in setting future goals and chooses careers. At the end of the session the students cleared their doubts by asking various questions regarding the confusions, they usually face while deciding their career. It was a very informative session for the first-year students.

Last session was about to show various talents of students which was organized by Mr Mitul Maniar, Social Media Coordinator. Senior students showed their singing talent to first year students. All students enjoyed this session with fun. Bonding along with social media influencer & musician duo and celebrating all the laughter on our last day of Orientation with our onboarding learners.

A Report on Induction Program for 1st Year B.Tech. Students

Academic Year 2022-23

Introduction:

Many life skills, abilities, and ways of thinking change depending on a student's socioeconomic background and whether they originate from an urban or rural region. There may be a haste in their admittance; their interest in the issue is questionable. They are dealing with hostel and settling concerns, peer pressure, and a variety of other issues. To address such issues, it is necessary to create an environment in which students can feel comfortable, find their interests andexplore their inner beings, form bonds with other students, establish relationships with teachers, strive for excellence, gain a broader perspective on life, and practice human values in order to build characters. The Induction Program contains a variety of exercises that assist students to overcome all obstacles.

Objective:

The purpose of engineering education is to prepare engineering graduates to excel in their fields of study, to have a well-rounded personality, and to have a desire to serve society and the nation. It is assumed that an engineering graduate will endeavor to solve societal challenges utilizing current technology and procedures. This necessitates a wide grasp of society and relationships. Human values must be instilled in engineering graduates in order for them to fulfill their obligations as engineers, citizens, and human beings.

Program Overview:

Gandhinagar Institute of Technology, Gandhinagar University conducted Induction program-2022 during 09/09/2022 to 22/09/2022 with different phases. The following different activities done during induction program as enclosed in the Annexure-1 and 2 for more details.

Sr. No.	Induction Program Activities
1	Physical activity and Yoga (PA)
2	Creative Arts (CA)
3	Universal Human Values (UHV)
4	Literary English and Maths (LIT E and LIT M)
5	Expert Lectures (EL)
6	Visits to local Areas or Industry or Any NGO
7	Innovations (INNO)

At first day of Induction program, first semester students were welcomed by faculty members and visited the campus for department and campus facilities. From second day of the induction program, Students started to learn different activities.

1. Physical Activity and Yoga (PA):

A healthy, powerful physique is like an ornament. We will be able to study new things, go on excursions, and participate successfully in activities and contests if we are healthy. The goal of these is Physical exercises carried out in a lecture hall or on an open field/lawn to raise awareness concerning good living patterns, mental health, and holistic growth via Yoga, Pranayama, Meditation, basic warm-up exercises (jogging, skipping, jumping, seat-ups etc.), sports (Cricket, Badminton, Volleyball, Football, Kho-Kho, Kabaddi etc.), puzzles, and other activities. During the event, around 150 students engaged in the activities with great interest and excitement. Prof. Ashvin Rajput, Prof. Manthan Upadhyay and Prof. Darshan Shah led several sessions to educate students on the benefits of fitness and physical activity in everyday life.

Activity Details (Day wise):

ACTIVITY	LOCATION
Running/Stretching/Gully Cricket	Ground
Yoga	Ground
Puzzle/Sudoku/Mind Games	Seminar Hall
Badminton/Chess/Volleyball/Cricket	Ground
Yoga	Ground
Group Games /Concentration Game	Ground
Quiz	Seminar Hall
Debate on various topics	Seminar Hall

The first-year students were delighted to attend these exercise sessions and discover so many important things about health and fitness. They learnt about the science and practices of Yoga,

Pranayama, and Meditation. They also learnt the value of collaboration, critical thinking, warm-up routines, focusing, and athletics. They were inspired by the fitness mantras of prominent membersof society and shared their own experiences with healthy routines and physical activity.

2. Creative Arts (CA):

Creative Arts in engineering improves visualizing ability, enhances problem solving ability, improves technical communication and also inspires the students to become a better engineer.

Various activities related to various forms of dance, music, craft, painting, photography were performed and students actively participated and successfully completed given tasks.

Dance

In Dance activity, moving your body to the beat of music can change your life, resulting in improved emotional, social, and physical health. It improves balance and strength, challenges your brain, boost your mood. Students learnt about various dance forms and steps and its connection with engineering.

Theatre arts

Through theatre arts, student built self-Expression, confidence, collaboration, academic achievement and empathy. Demonstrated understanding of the social and artistic movements that have shaped theatre and dance. Student introduced themselves in this activity by different innovative way.

Creative writing

Creative writing enhances imagination power to develop creative thinking, propose alternatives, and expand their thinking process and problem-solving ability. Students learnt to write engaging and consistent short stories, including creative transformations, character wishes, obstacles, climax, dialogue and resolution plan. Students had written few lines on topics like politics, critics, lifestyle, history etc.

Painting

Painting stimulates the imagination, makes you more observant, enhances problem-solving skills, boosts self-esteem and provides a sense of accomplishment, reduces stress etc. Students performed various tasks like drawing the front view, top view and side view of different objects which will be useful in engineering drawing. Prototyping design activity was performed where students were involved in drawing the graphic interface of different software like websites and apps.

Craft

It encourages students to engage with and explore tactile, visual and other sensory experiences as well as how to recognise and articulate meanings and ideas. It also supports social, personal, spiritual, moral, cultural, and creative development within the context of formal education. As a result of these opportunities, they can work with both traditional and new media, which helps them grow in confidence, competence, imagination, and creativity. Students got the knowledge about various types of crafts and learned about various origami ideas and make items through paper.

Photography

Photography is the art, application, and practice of creating durable images by recording light, either electronically by means of an image sensor or chemically by means of a light-sensitive material such as photographic film. In this, student learned about various photography forms and ideas to click a picture. Also, they learned about the measurements and dimensions that should be used for a perfect photography. They have clicked few pictures of campus through their mobile phone cameras.

Music

Music has a lot of positive effects on your body, mind, and soul. It can enhance memory, focus, and learning. It also increases mental fitness, improves physical performance, and lessens pain. Students performed various activities related to music like dumb charades and students played musical instruments and shared their views regarding changes in their life.

3. Universal Human Values (UHV):

The objective of this event is to help the students in appreciating the essential terms between 'VALUES' and 'SKILLS' to ensure sustained happiness and prosperity, which are the core aspirations of all human beings. To facilitate the development of a holistic perspective among students towards life and profession as well as towards happiness and prosperity based on a correct

understanding of the human reality and the rest of existence. Such a holistic perspective forms the basis of Universal Human Values and movement towards value-based living in a natural way.

Importance of UHV

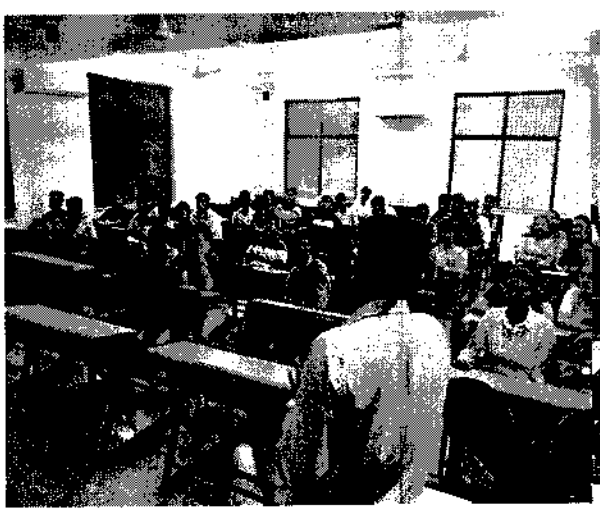

Human values are nothing but the thoughts and values of human beings. They play a vital role in the life cycle of a human being. Human values help us to grow and succeed in our life. Simply human values can be regarded as a decision-making quality of a person. Every decision is made in an organization, or a company based on human values. Human values play a vital role in an individual, relationship, organization as well as in society. It includes honesty, love, peace, loyalty, etc. These are the qualities that are important for humans in all stages. Human values always reflect your thoughts. One must take all the possible efforts to maintain his or her human values. One's attitude decides the quality of the person. Learning human values makes a person understands the attitudes and behaviors of the other person. By learning human values, you canknow which is right and which is wrong. Learning human values makes one person understand other human beings as well as his organization Human values are an integral part of one's life being a loyal person is also considered the best human value. Helping is also considered an important human value. Helping a person at the right time is very important. Possessing the clarityof what you want is your biggest value which helps you to build a strong foundation. If you followall the human values, then you will gain self-respect. Only if you have self-respect others will respect you. Human values help to find what do you want in your life. Human values help in decision making in important times and Human values help a person to enjoy his life in a better way

Outcomes:

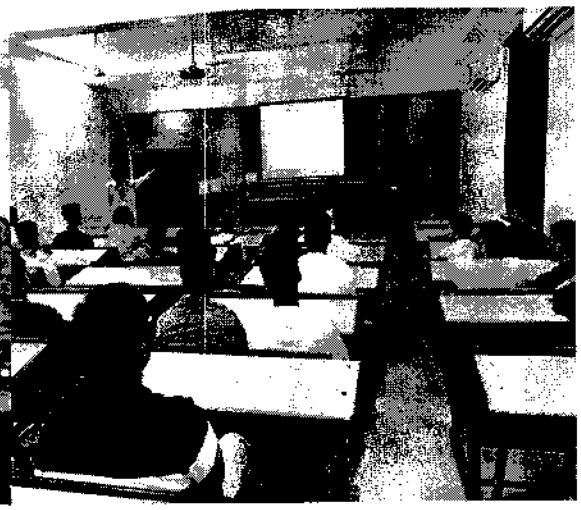

The students start exploring themselves, get comfortable to each other and to the teacher and start finding the need and relevance for the course. The students start finding that technical education without study of human values can generate more problems than solutions. They also start feeling that lack of understanding of human values is the root cause of all problems and the sustained solution could emerge only through understanding of human values and value-based living. Any solution brought out through fear, temptation or dogma will not be sustainable. The students are able to see that verification on the basis of natural acceptance and experiential validation through living is the only way to verify right or wrong and referring to any external source like text or instrument or any other person cannot enable them to verify with authenticity; it will only develop assumptions. The students are able to see that their practice in living is not in harmony with their natural acceptance most of the time, and all they need to do is to refer to their natural acceptance

to remove this disharmony. The students are able to see that lack of right understanding leading to lack of relationship is the major cause of problems in their family and not the lack of physical facilities in most of the cases, while they have given higher priority to earning of physical facilities in their life ignoring relationships and not being aware that right understanding is the most important requirement for any human being.

4. Literary English and Maths (LIT E and LIT M):

Literacy English (LIT E):

The Objective of Literary is to improve the mentality skills of the students, to inoculate the habit of active consumption of content in literature and to improve listening, speaking, reading and writing skills. It helps to provide ample of time and a platform for the transition of students from school to the hard-core engineering.

To establish good terms with others and appropriate communication skills, it is vital for the students to acquire fluency of language. Many activities were done in class to make classes interactive and getting total involvement of students to improve various language skills. Students enjoyed interaction and activity-based learning.

Book Review

Book review develops student's observation, assessment, reading, writing and criticalthinking. Students were made aware that a book review or movie review is a description, critical analysis, and an evaluation on the quality, meaning, and significance of a book, not a retelling. Itshould focus on the book's purpose, content, and authority. Students made book reviews and movie reviews and presented. It helped them to develop their critical analysis, communication skills and presentation power.

Debate

The rules of debate were explained to students and they were divided into two groups and they do debate on various topics. Students got the opportunity to explore real-world topics and issues. It engaged students through self-reflection and encouraged them to learn from their peers. It taught the students to structure and organize their thoughts.

Enacting Play

Students were divided into groups and asked to perform a play in front of the class. It taught the students to use their creativity while developing their imagination, dexterity, and physical, cognitive, and emotional strength. It is important to healthy brain development. Play Can Foster Effective Communication, helps develop Social Skills, Cognitive, Critical Thinking and Motor Skills and create Confidence in students.

Literacy Mathematics (LIT-M):

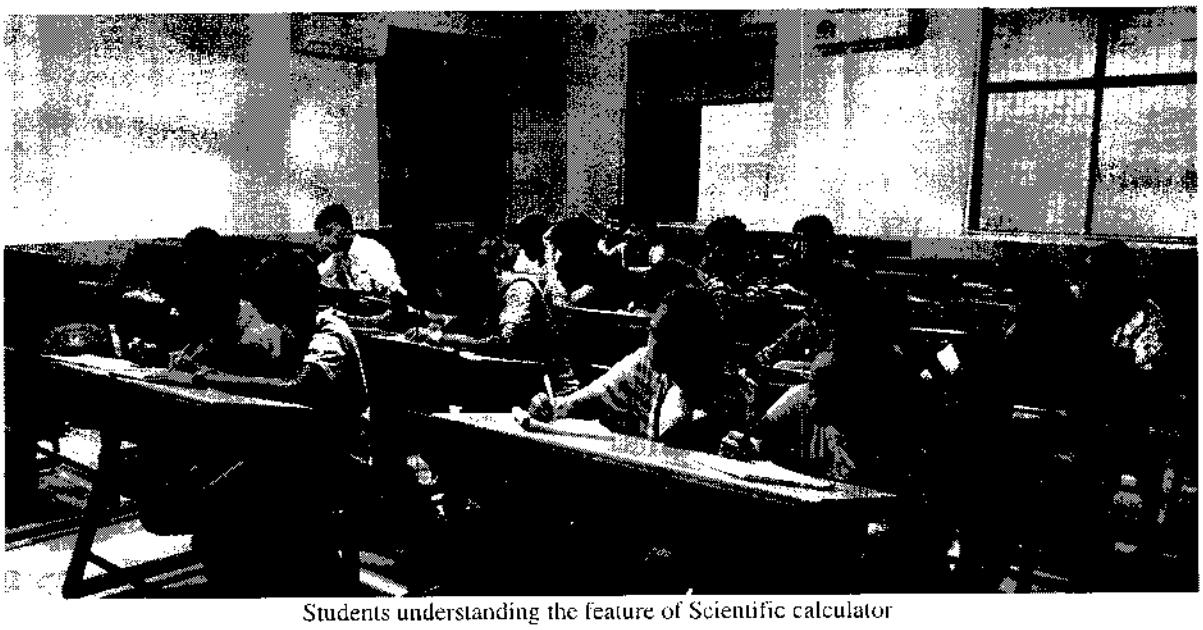

Mathematics has always been classified as a tough and unattractive study topic. Many young students begin college with the idea that mathematics is a hard subject and that it mainly deals with numbers and equations. Rather, mathematics is a language through which one can precisely describe real life phenomena. Additionally, mathematics constitutes a broad area of study in and of itself. One of the biggest challenges of modern education is to connect with the student in a meaningful and effective way.

Activity of LIT-M , "Mathematics for Solving Real World Problems" was discussed with recent real-world problems and their mathematical modeling. Faculty also shared his views on the scope of research to the new students. This activity was very much interactive and informative.

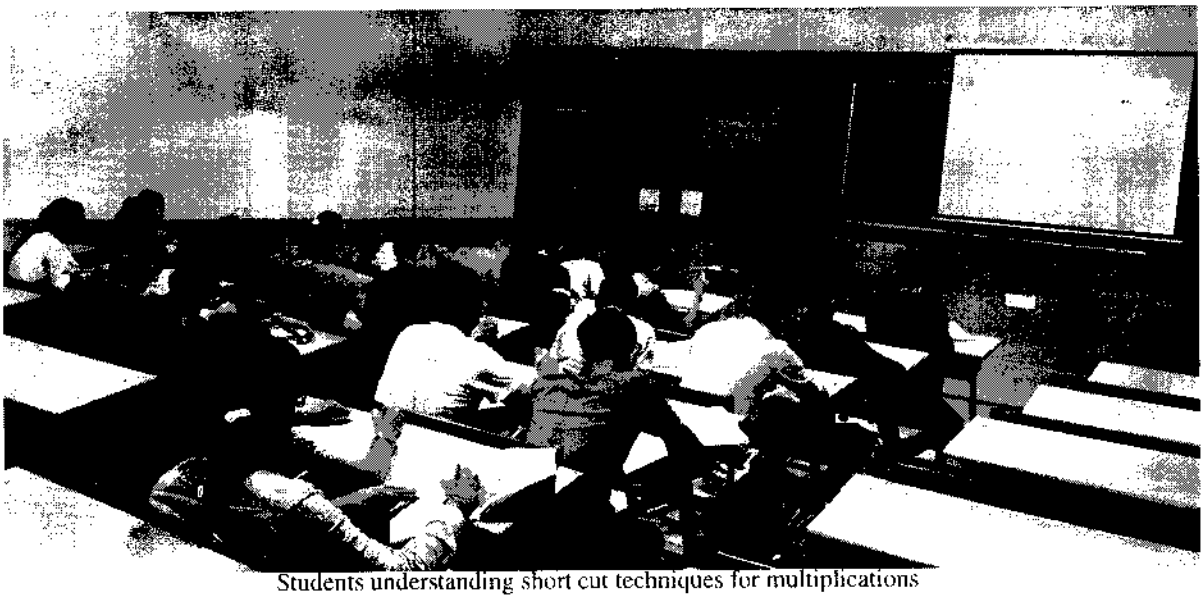

Calculators provide advantages for students when performing calculations. In other activity "Advanced features of scientific calculator" was discussed with students as a helpful instrument for enhancing understanding of main concepts and algorithms of calculus, for development of explorative, critical and creative thinking of the students.

"Vedic mathematics" provides answers in one line, as opposed to the several steps of traditional mathematics. An ancient technique that simplifies multiplication, divisibility, complex numbers, squaring, cubing, square roots, cube roots, recurring decimals, and auxiliary fractions was discussed in the other activity.

5. Expert Lectures (EL):

The main focus of Expert lecture was to meet and interact with prominent people from plenty of professions and motivate to student from learning about the experience of successful people. On dated 20th September,2022, 11:30 am, Expert person Mr. Raj Singh, Scientific Officer "G", Plasma Research, Gandhinagar delivered a talk to students about "Role of an Engineer in Development Society". More than 120 students were attended session and learnt the importance of technology in Real life. The students understood the concepts of Export, Import and GDP of India compared with different countries.

6. Visit to Local Areas: Village Visit

Venue: Ramnagar, Ta. Kalol, District-Gandhinagar

The role of engineering for modern civilization is implicit in every aspect of our lives. Rapid progress in the development of the country has taken place through the application of engineering to different sectors like dams and irrigation systems, civil construction, sanitation systems, manufacturing industries. transport systems and many more. However, first role of an engineer in our changing world is to identify the problems and create new technologies to solve real world problems. To identify the problems, it is necessary to get practical exposure. As a partof this we have planned village visit, so we can identify and understand the problems of rural areasand we can relate and solve it using technology and engineering.

About Visit

As a part of induction program first semester's 120 students with 7 faculty membershave visited to Ramnagar village, Kalol, Gandhinagar, which are having Population of 2,038 people with 384 household, among this more than 250 household were visited and surveyed by group of two students regarding necessity and problems they are facing in day-to-day life. For thatthey created a simple survey form which covers the various domain like Rural development, Education, health and hygiene, agriculture, water resource management, animal health, technology and many more. From this survey students identified the problems they are facing, relate it to the technology and gave them suggestion that how technology play a major role and minimize their cost, time and effort and gave them best result in all the domain. Students gave their suggestion to Talati and Sarpanch of village. Also, they visited the different places and identified the best facility in the village and appreciate it too.

7. Innovations (INNO):

The students were introduced to the term innovation during the first lecture of Innovation. Using examples, they were taught the difference between Innovation and Invention. The era when first time wooden wheel was introduced is called invention whereas todays era of introducing tubeless tyre is called innovation. They were also taught that the prime motive of entrepreneur is to earn maximum profit where it is not for startup.

During second and third lecture, they were introduced to the successful startup in India like, UBER, OLA, SWIGGY, FLIPKART, OYO ROOM. Through the success stories of these startup they were taught that expertise is not mandatory to start your startup. Educational qualification is also not so much essential. The required characteristics are empathy towards your users, understanding the real pain of customers, passion to solve the problem.

The essential factors were introduced to the students in fourth lecture of innovation. The idea generation, team forming, business plan, funding, timing etc. were the key factors that leads to successful startup. To form a team of different experts is also an essential to solve the upcoming problems in an easy way. Correct timing also matters to disrupt the market.

The design methodology was introduced to them in the fifth and sixth lecture of innovation. They were introduced to AEIOU technique for problem scouting. They were also informed that the preparing the logbook while observation is also an essential step. The iteration approach for solving each observed problem helps a lot in deriving the innovation.

The students were also introduced to the Intellectual property right during lectures of innovation. They were taught tangible and intangible property, importance of IPR. Also, the case study of SAM Pitroda and Nokia Vs Samsung, helped them to understand the importance of IPR. They were also informed about different types of IPR. They were also informed about the activities of SSIP, IPR, IIC, NISP, Hackathon and KAPILA Cell.

SUMMARY:

During Induction program, first semester students welcomed by faculties and got confidence into a new academic environment. They were able to attach their behaviors with the practices of the institutional activities. They were encouraged to use a structured and collaborative learning environment and gave exceptional performance in activities/tasks designed throughout the induction program. The Induction Program was designed to make in such a way that the newly joined students feel comfortable, sensitize them towards exploring their academic interests and activities, reducing competition and making them work for excellence, promote bonding within them, build relations between teachers and students, give a broader view of life, and building of character. With the cooperation of the students and the faculty members; the Induction program was able to record the feedbacks of the students in Expert talks, Village Visit and other activities. The total involvement of deputed Faculties actively engrossed in various responsibilities of induction program. That facilitated to motivate the students to stir like a sugar in water of institutional activities. Students are made aware about multidisciplinary areas and their developments and developed ability to transcend from subjective knowledge to the application of subject in real life situations.

Refrigeration & Air-conditioning

Presented By
Nimesh Gajjar

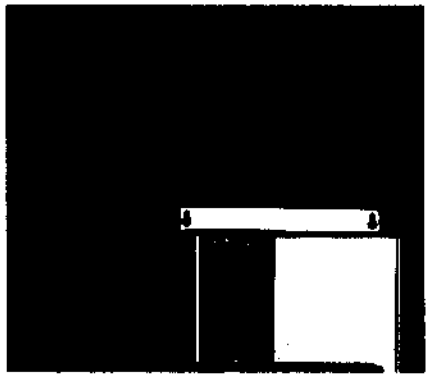

GANDHINAGAR INSTITUTE OF TECHNOLGY

After attending this unit (chapter), students are able:

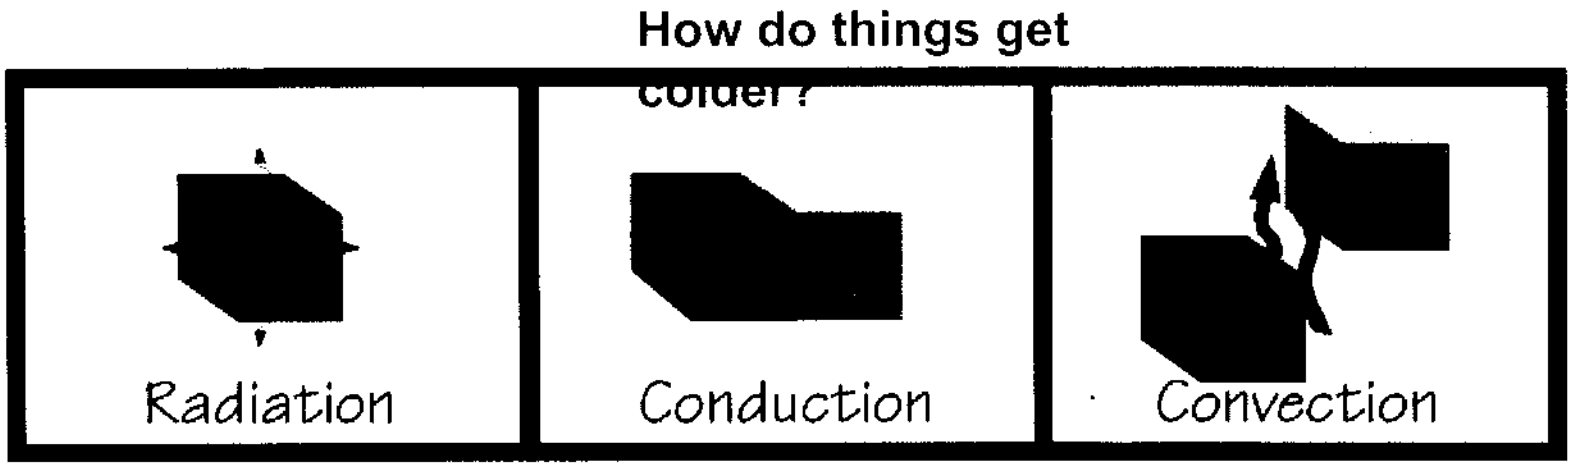

- To explain the working principles of a vapor-compression refrigeration and heat pump systems.
- To explain the working principles of a vapour aborption refrigeration system.

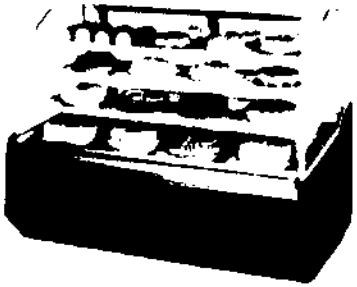

Refrigeration

Definition by ASHRAE –

It is defined as Science of providing and maintaining temperature below that of surrounding .

Refrigeration Requirment

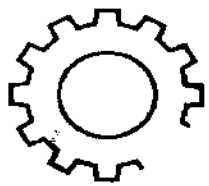

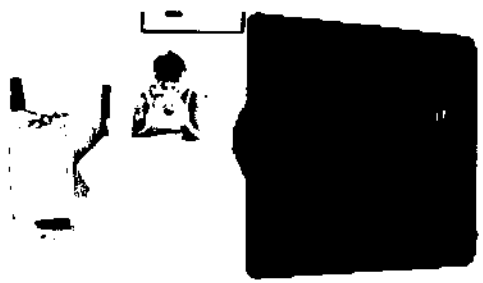

- Food Preservation .
- Poultry Forms .
- Development of certain Scientific Instruments .
- Weaving in textile Industry .
- Improvement in production in shop floor.
- Medical Science , Surgery.
- Customer delight in theaters & shops.

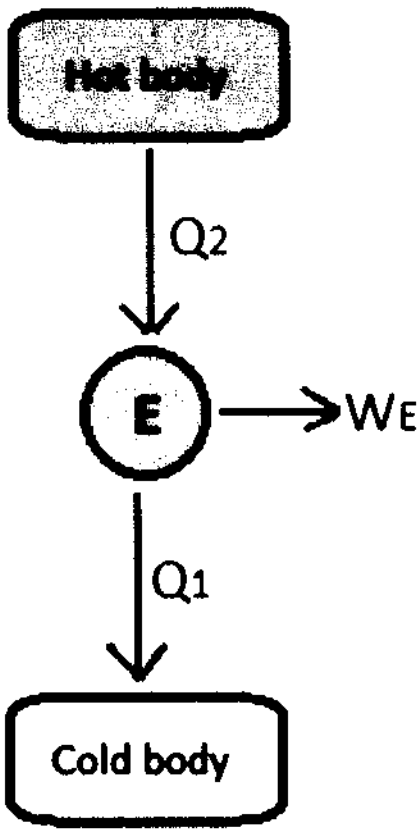

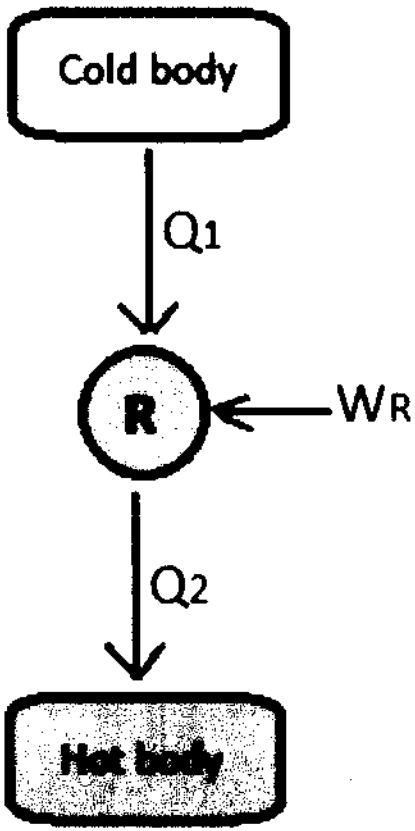

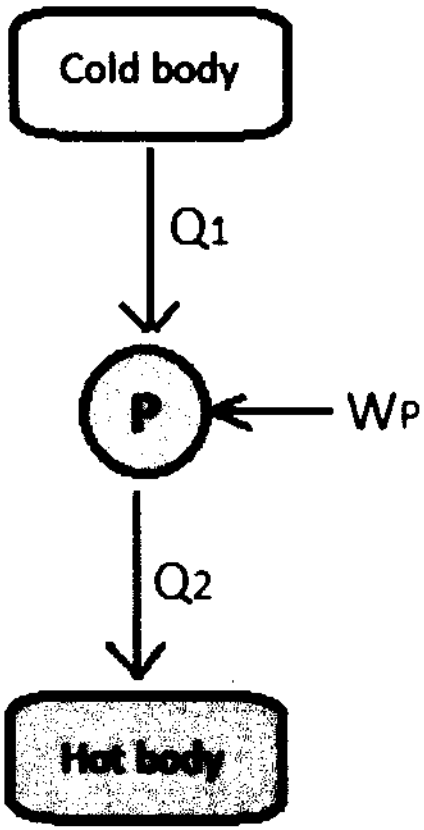

Difference between HE, REF & HP

a) Heat engine

b) Refrigerator

c) Heat pump

Co-efficient of performance (COP)

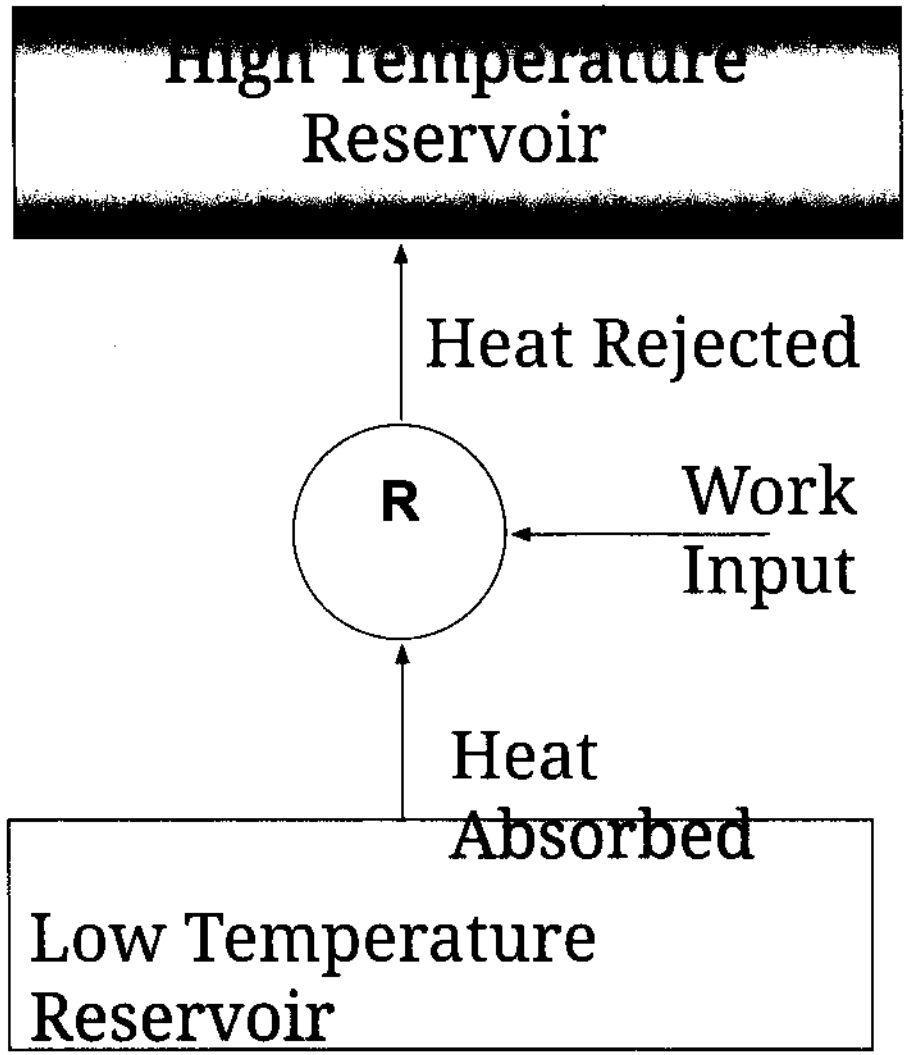

It is defined as the ratio of refrigerating effect to work required compressing the refrigerant in the compressor.

It is the reciprocal of the efficiency of a heat engine. Thus the value of COP is greater than unity.

$$\text{Mathematically, COP} = \frac{\text{Refrigerating effect}}{\text{Work of compressor}}$$

Introduction

Refrigeration and air conditioning is used to cool products or a building environment.

Unit of Refrigeration

1 ton of refrigeration

It is defined as refrigerating effect produced by melting of 1 ton of ice from and at 0°C in 24 hours.

OR

Amount of heat required to remove in order to form one ton of ice in 24 hours from water at temperature 0 ^{0}C.

The latent heat of ice is 335 kJ/kg, the refrigeration effect produced by 1 ton ice in 24 hours is,

$$\therefore 1 \text{ ton of refrigeration} = 210 \, KJ/_{\min} = 3.5 KW$$

Types of Refrigeration

1. Vapour Compression Refrigeration (VCR): uses mechanical energy
2. Vapour Absorption Refrigeration (VAR): uses thermal energy

Vapour Compression Refrigeration

- Highly compressed fluids tend to get colder when allowed to expand

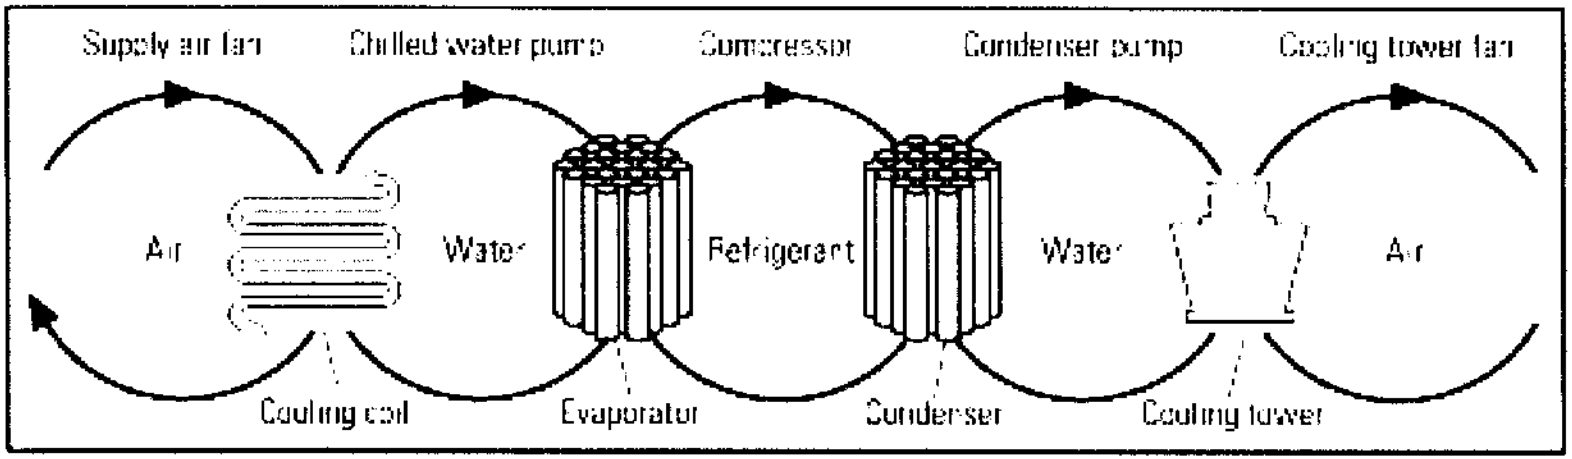

- If pressure high enough
  - Compressed air hotter than source of cooling
  - Expanded gas cooler than desired cold temperature

Introduction

How does it work?

Thermal energy moves from left to right through five loops of heat transfer:

1)	2)	3)	4)	5)
Indoor air loop	**Chilled water loop**	**Refrigerant loop**	**Condenser water loop**	**Cooling water loop**

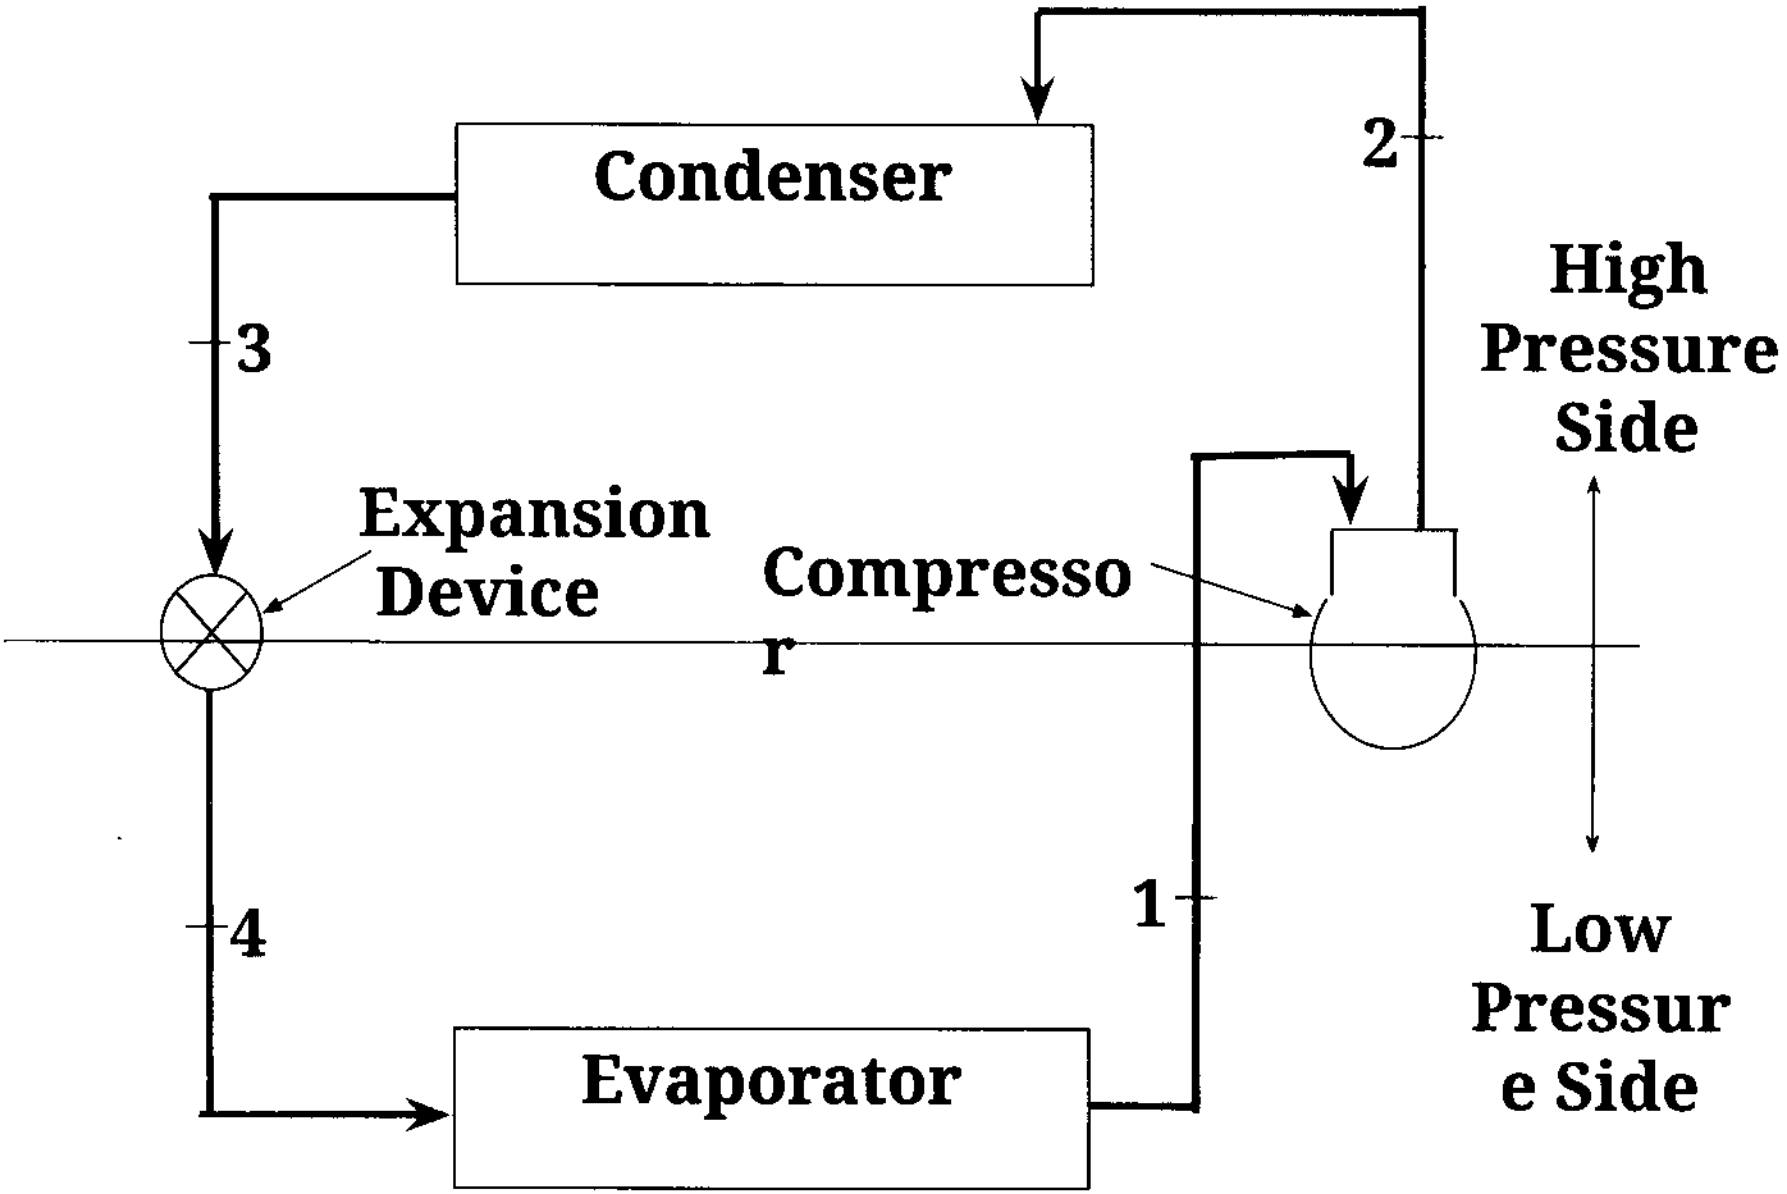

(Bureau of Energy Efficiency, 2004)

Vapour Compression Refrigeration

Two advantages

- Lot of heat can be removed (lot of thermal energy to change liquid to vapour)
- Heat transfer rate remains high (temperature of working fluid much lower than what is being cooled)

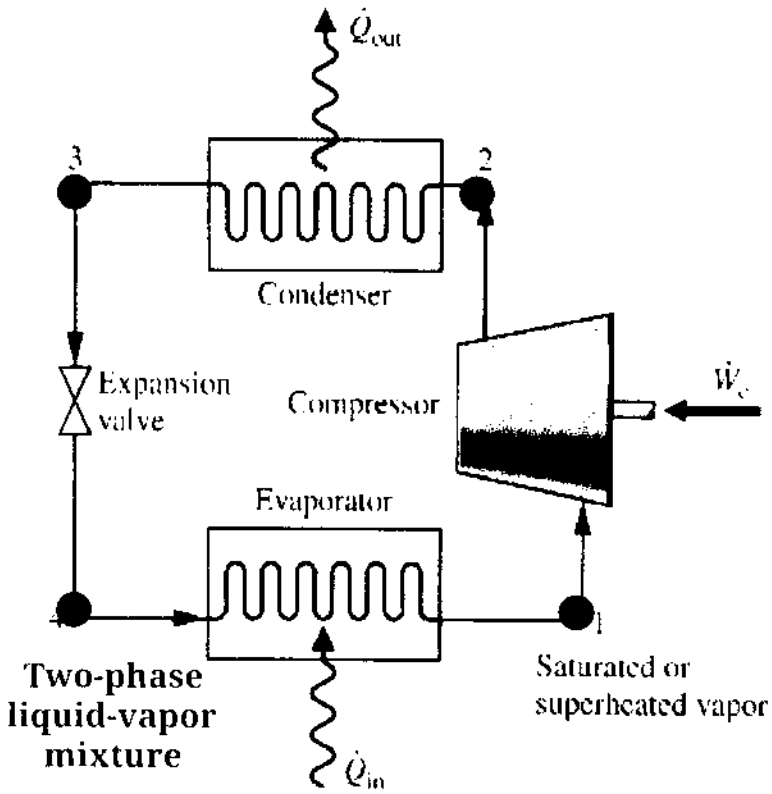

Vapour Compression Refrigeration

Vapor-Compression Refrigeration Cycle (VCR)

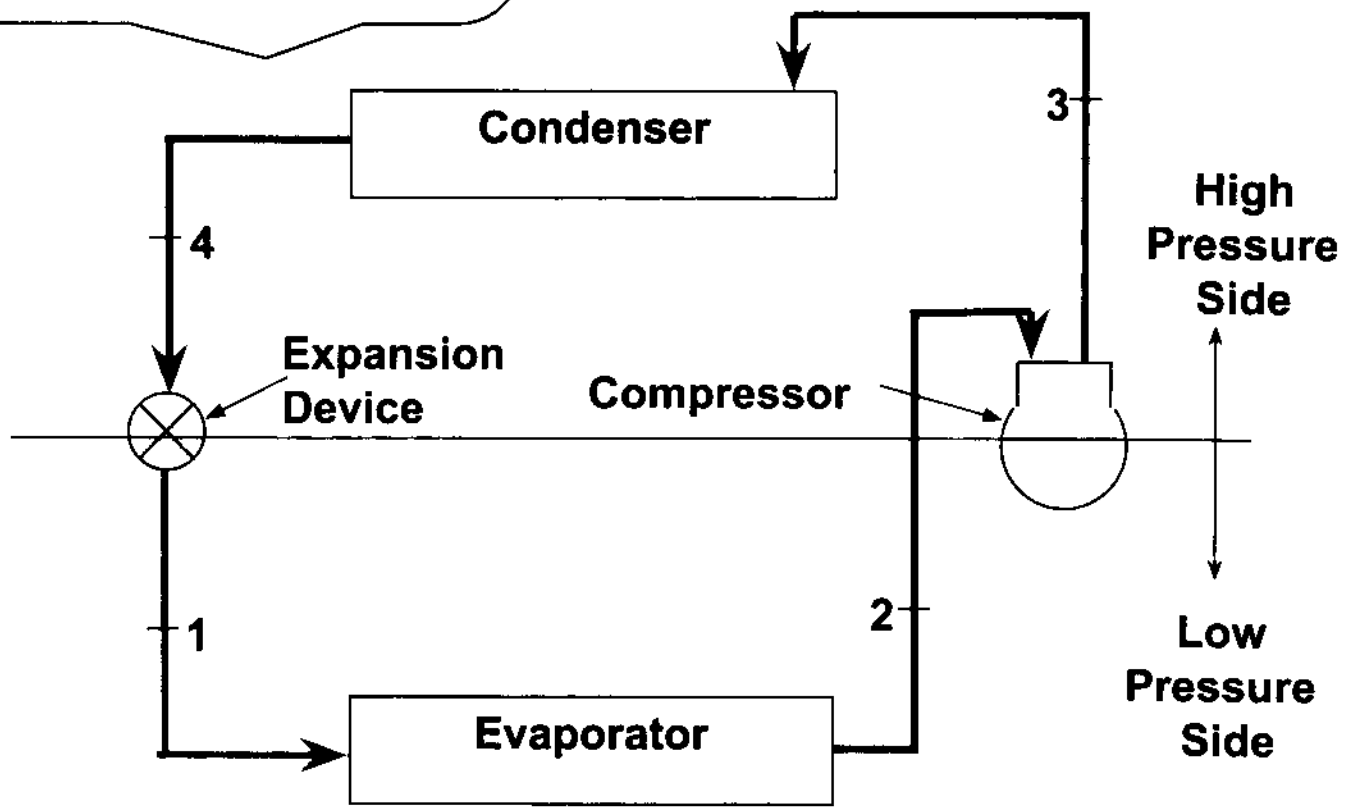

The processes of this cycle are

Process 4-1: two-phase liquid-vapor mixture of refrigerant is evaporated through heat transfer from the refrigerated space.
Process 1-2: vapor refrigerant is compressed to a relatively high temperature and pressure requiring work input.
Process 2-3: vapor refrigerant condenses to liquid through heat transfer to the cooler surroundings.
Process 3-4: liquid refrigerant expands to the evaporator pressure.

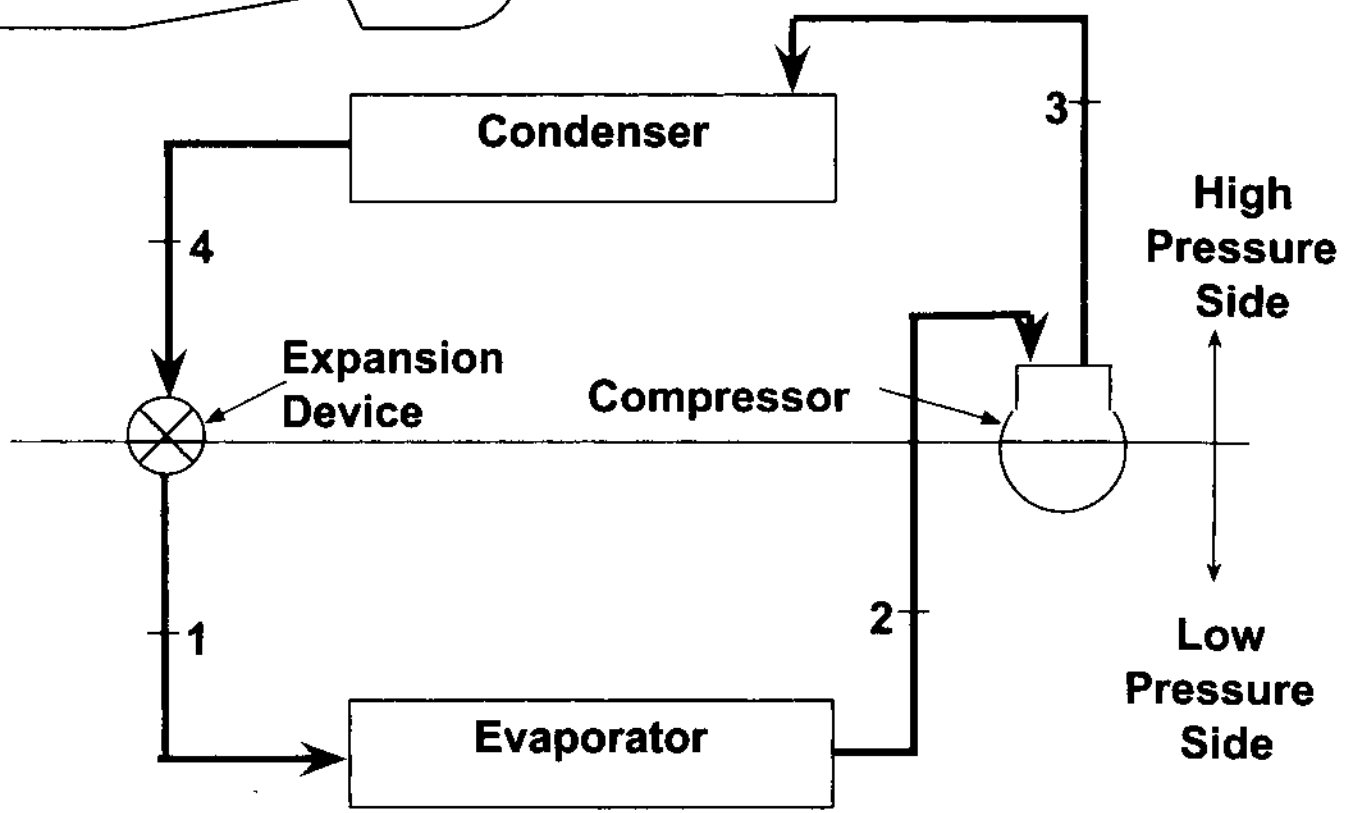

Vapour Compression Refrigeration

Low pressure liquid refrigerant in evaporator absorbs heat and changes to a gas

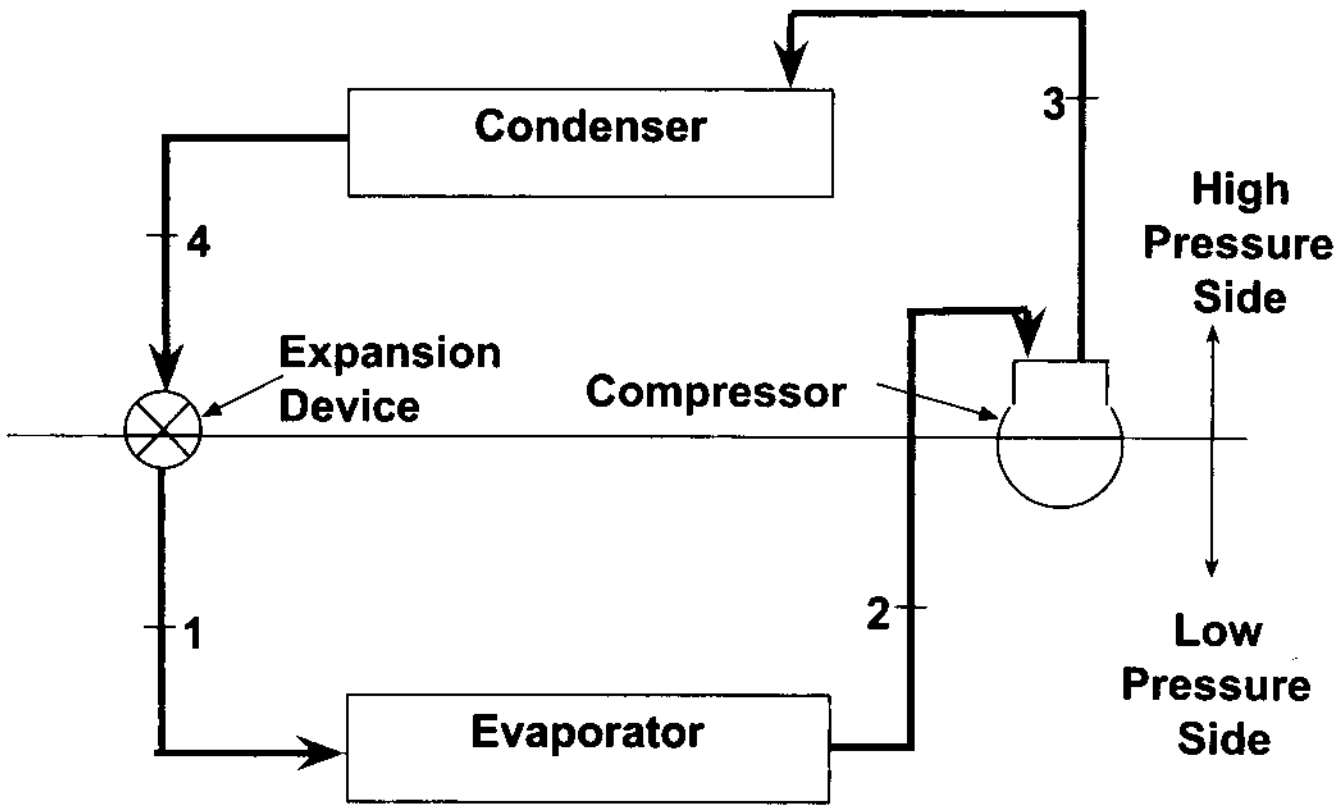

Vapour Compression Refrigeration

The superheated vapour enters the compressor where its pressure is raised

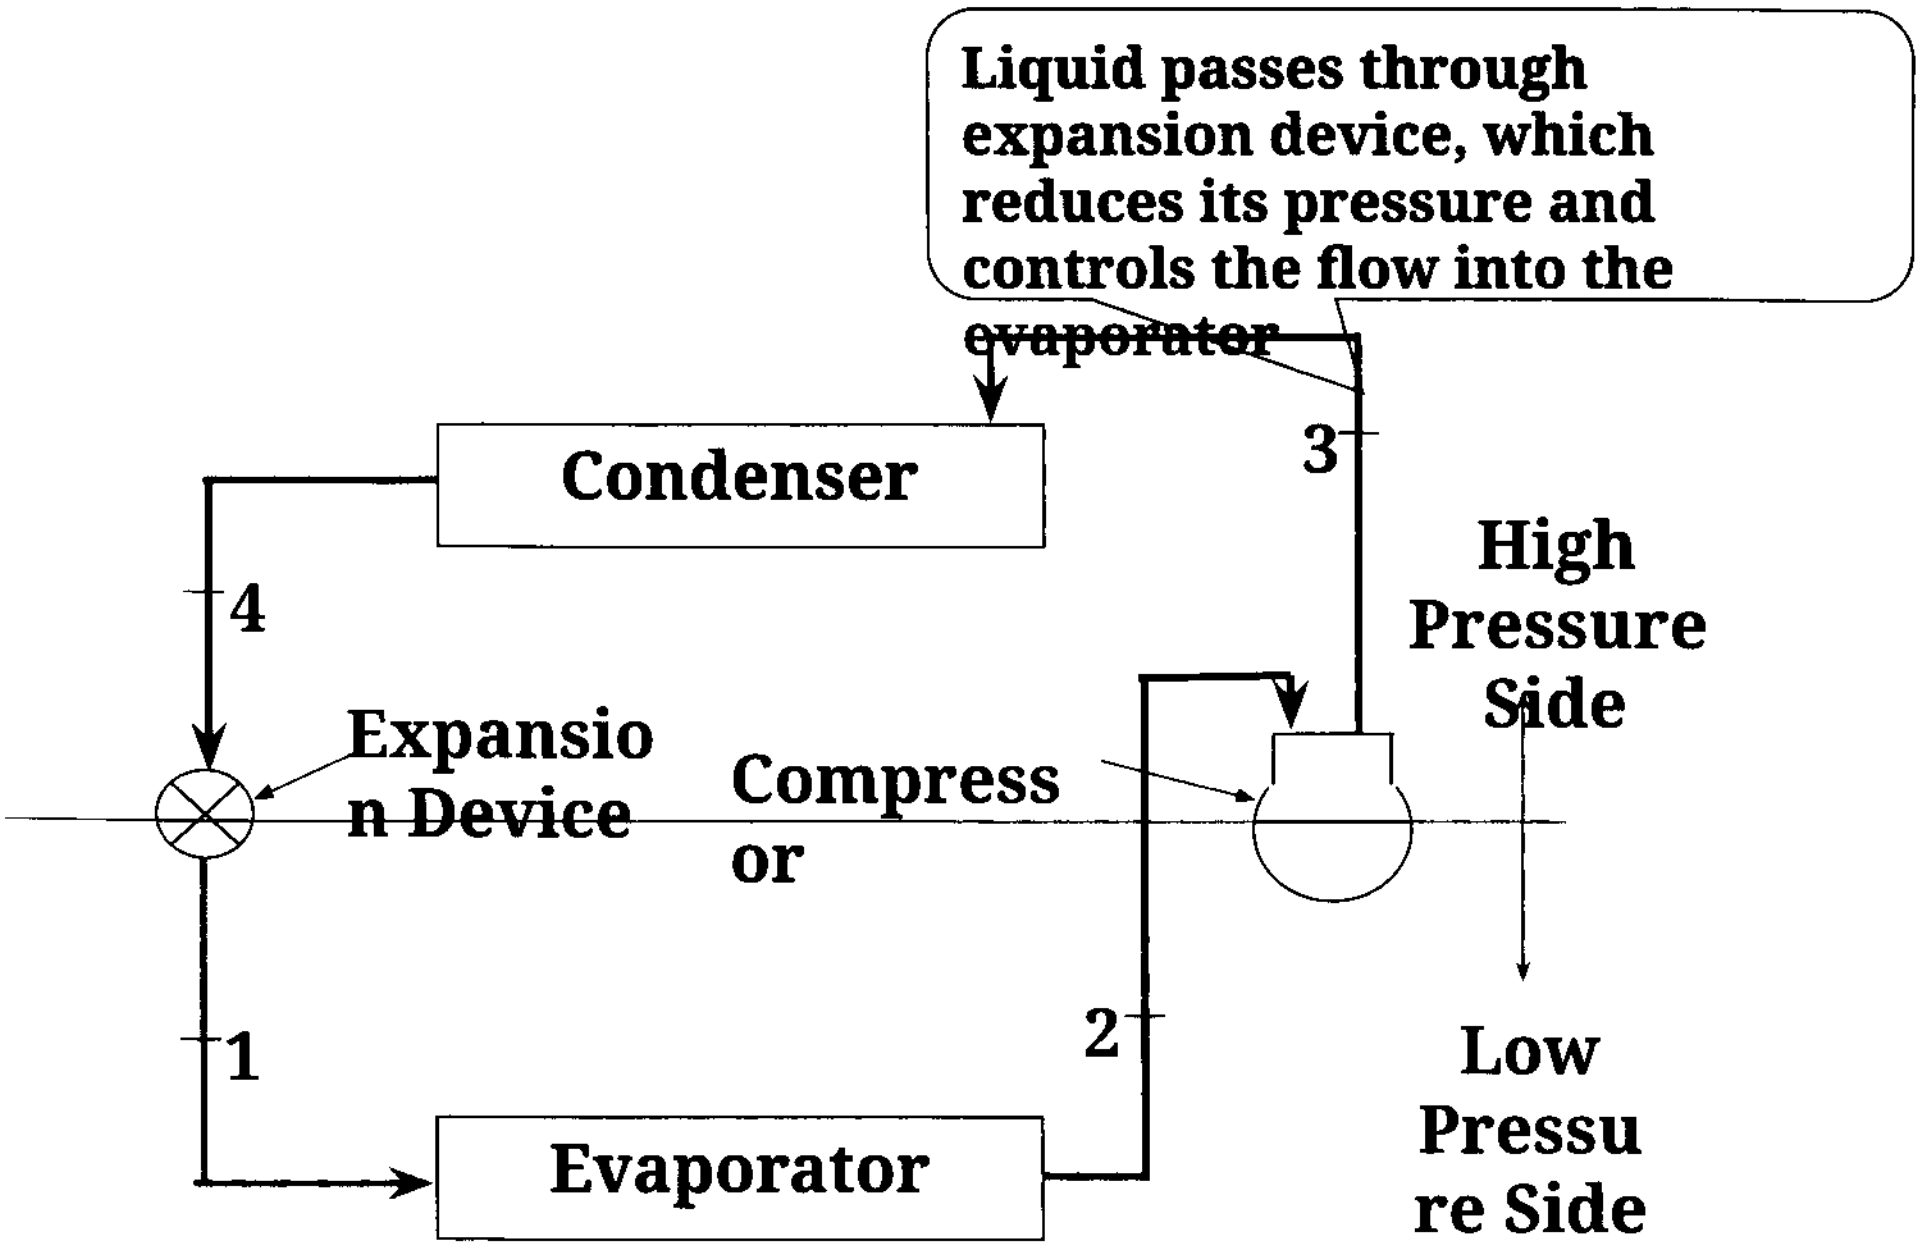

Vapour Compression Refrigeration

The high pressure superheated gas is cooled in several stages in the condenser

Vapour Compression Refrigeration

The Vapor-Compression Refrigeration Cycle

- Applying mass and energy rate balances

Evaporator

$$\frac{\dot{Q}_{in}}{\dot{m}} = h_1 - h_4 \qquad \textbf{(Eq. 10.3)}$$

  - The term $\dot{Q}_{in}$ is referred to as the refrigeration capacity, expressed in kW in the SI unit system or Btu/h in the English unit system.
  - A common alternate unit is the ton of refrigeration which equals **200 Btu/min** or about **211 kJ/min**.

The Vapor-Compression Refrigeration Cycle

- Applying mass and energy rate balances

Compressor

Assuming adiabatic compression

$$\frac{\dot{W}_c}{\dot{m}} = h_2 - h_1 \quad \textbf{(Eq. 10.4)}$$

Condenser

$$\frac{\dot{Q}_{out}}{\dot{m}} = h_2 - h_3 \quad \textbf{(Eq. 10.5)}$$

Expansion valve

Assuming a throttling process

$$h_4 = h_3 \quad \textbf{(Eq. 10.6)}$$

The Vapor-Compression Refrigeration Cycle

- Performance parameters

Coefficient of Performance (COP)

$$\beta = \frac{\dot{Q}_{in}/\dot{m}}{\dot{W}_c/\dot{m}} = \frac{h_1 - h_4}{h_2 - h_1} \qquad \textbf{(Eq. 10.7)}$$

Carnot Coefficient of Performance

$$\beta_{max} = \frac{T_C}{T_H - T_C} \qquad \textbf{(Eq. 10.1)}$$

This equation represents the maximum theoretical coefficient of performance of any refrigeration cycle operating between cold and hot regions at T_C and T_H, respectively.

Co-efficient of performance

It is defined as the ratio of refrigerating effect to work required compressing the refrigerant in the compressor.

It is the reciprocal of the efficiency of a heat engine. Thus the value of COP is greater than unity.

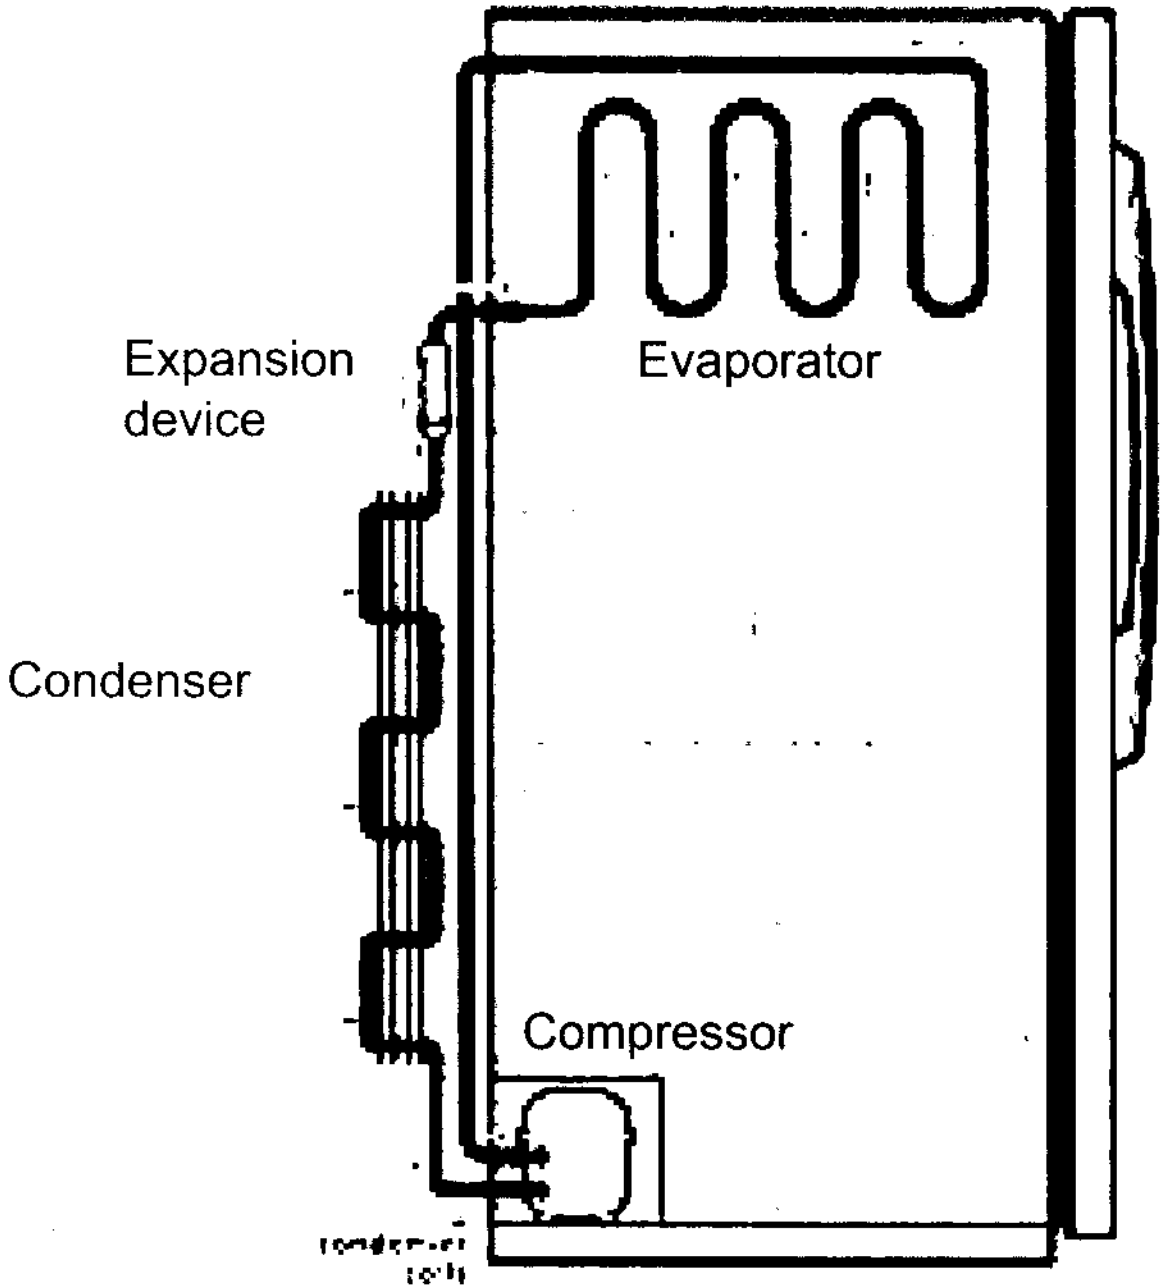

$$\text{Mathematically, COP} = \frac{\text{Refrigerating effect}}{\text{Work of compressor}}$$

Vapour Compression Refrigeration

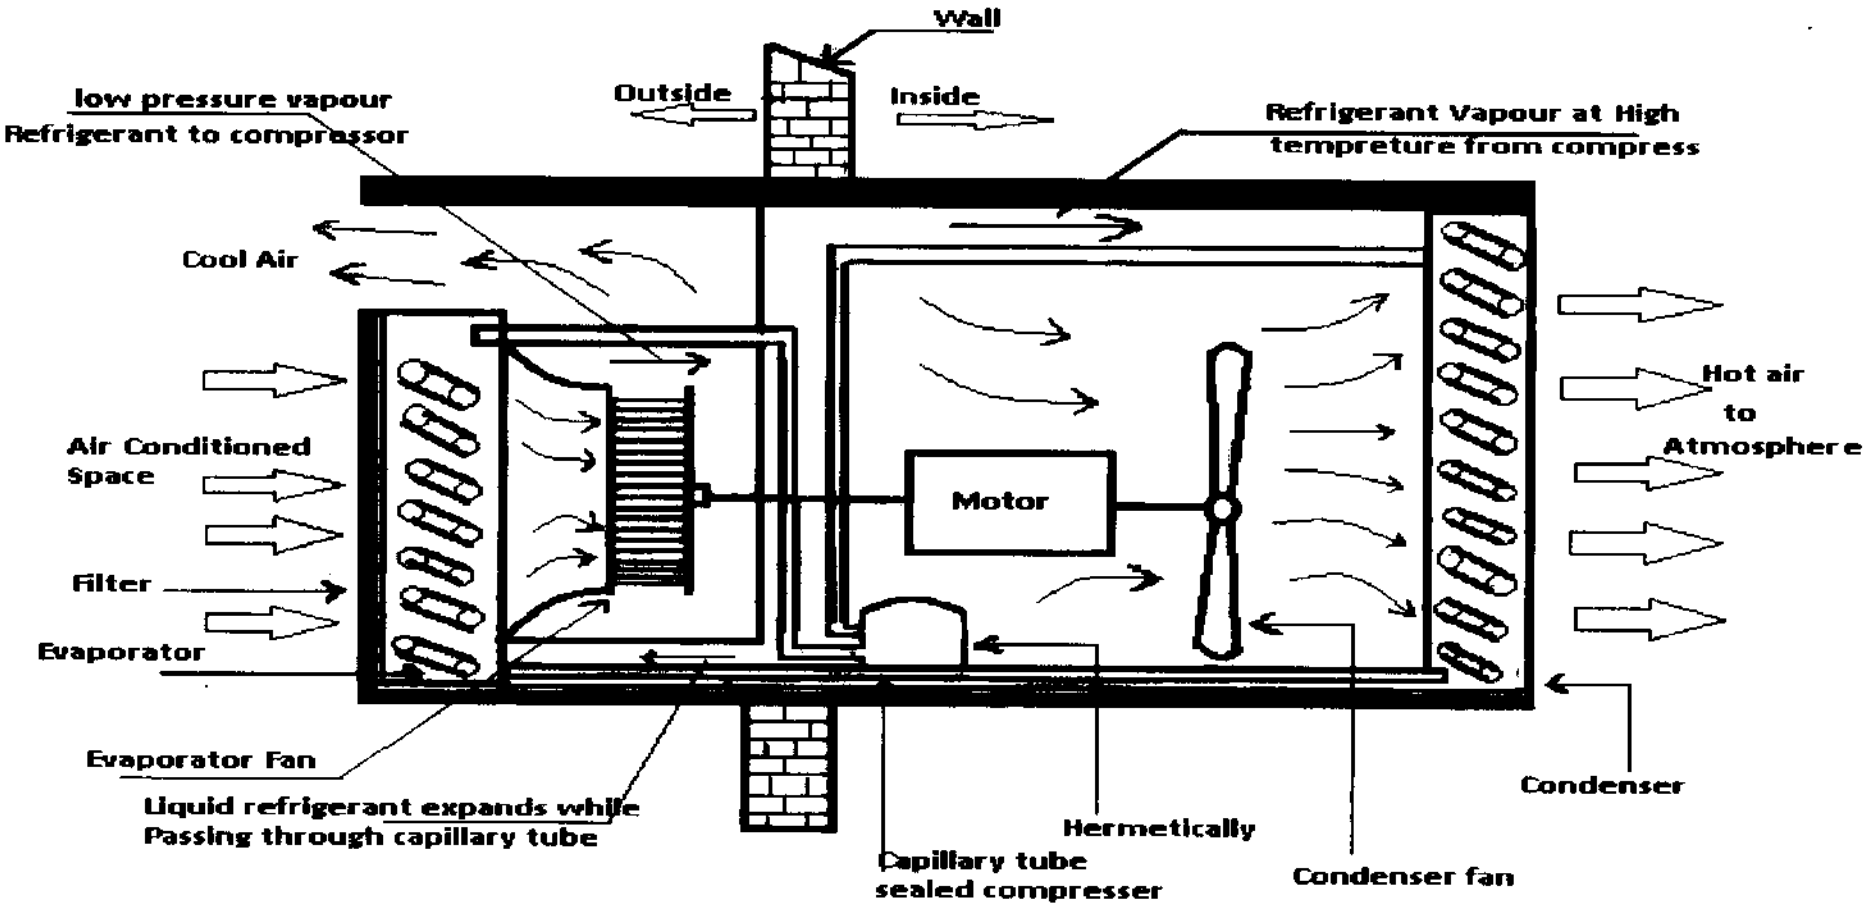

Type of refrigerant

- **Refrigerant determined by the required cooling temperature**
- **Chlorinated fluorocarbons (CFCs) or freons: R-11, R-12, R-21, R-22 and R-502**

Domestic Refrigerator

Construction and working of Window AC

AIR CONDITIONER

Construction of Window AC

The window air conditioner mainly used for conditioning of air in the room. Commonly it is mounted in a window, hence it is known as window air conditioner.

The window air conditioner unit consists of following components as shown in fig

Refrigeration unit
Evaporator/cooling coil, condenser, compressor, expansion device

Working

The hot air coming from room is flowing on the evaporator (cooling coil), the cooling coil absorbs heat from air.

The moisture of air gets removed on the cooling coil surface by process of condensation of air. Thus the air is cooled and dehumidified to meet the requirement comfort air conditioning in the room.

The filter clean the air coming from room before passes through the cooling coil.

The tray is provided below the cooling coil (evaporator) to collect moisture which condenses from recirculation of air.

Working

The flow of hot air (from room) and cooled air (to room) is taking place by the evaporator blower.

The refrigerating unit provides cooling effect at evaporator.

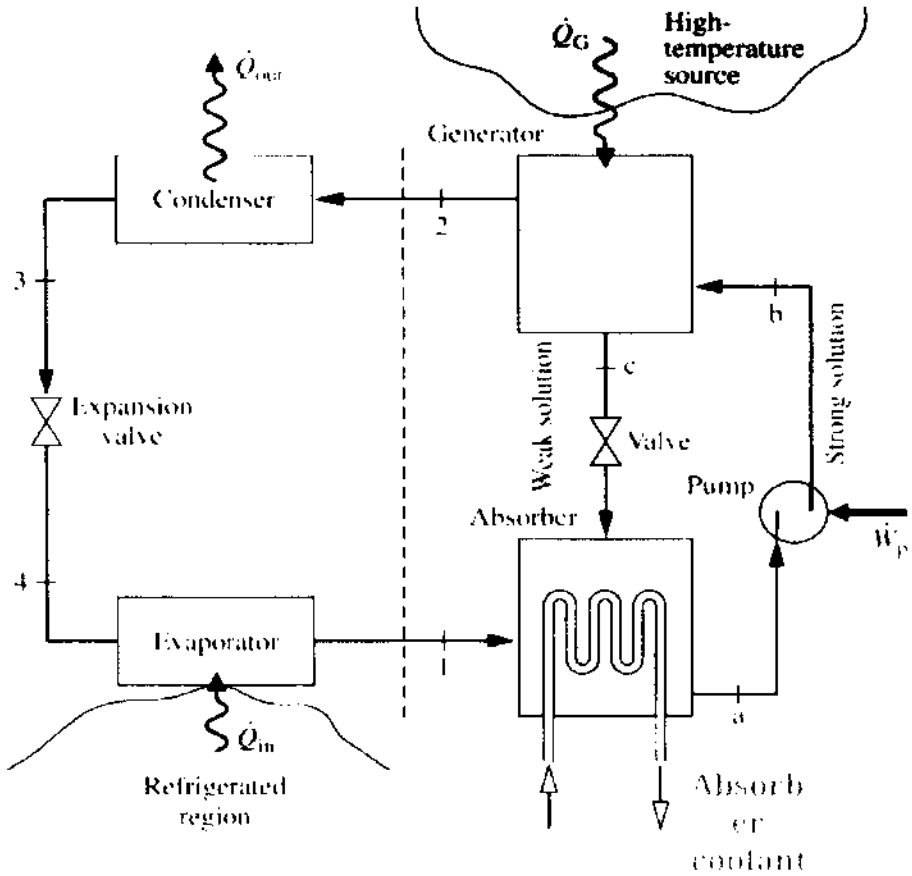

The condenser fan circulates air on outside of condenser tubes, the refrigerant in condenser reject heat to outside atmospheric air.

Necessary fresh air is allowed to mix with the recalculated room air to meet the ventilation requirement.

Ventilation air is controlled by ventilation damper.

The room -temperature is controlled by a thermostat using on-off power supply to compressor motor.

Vapour Absorption Refrigeration

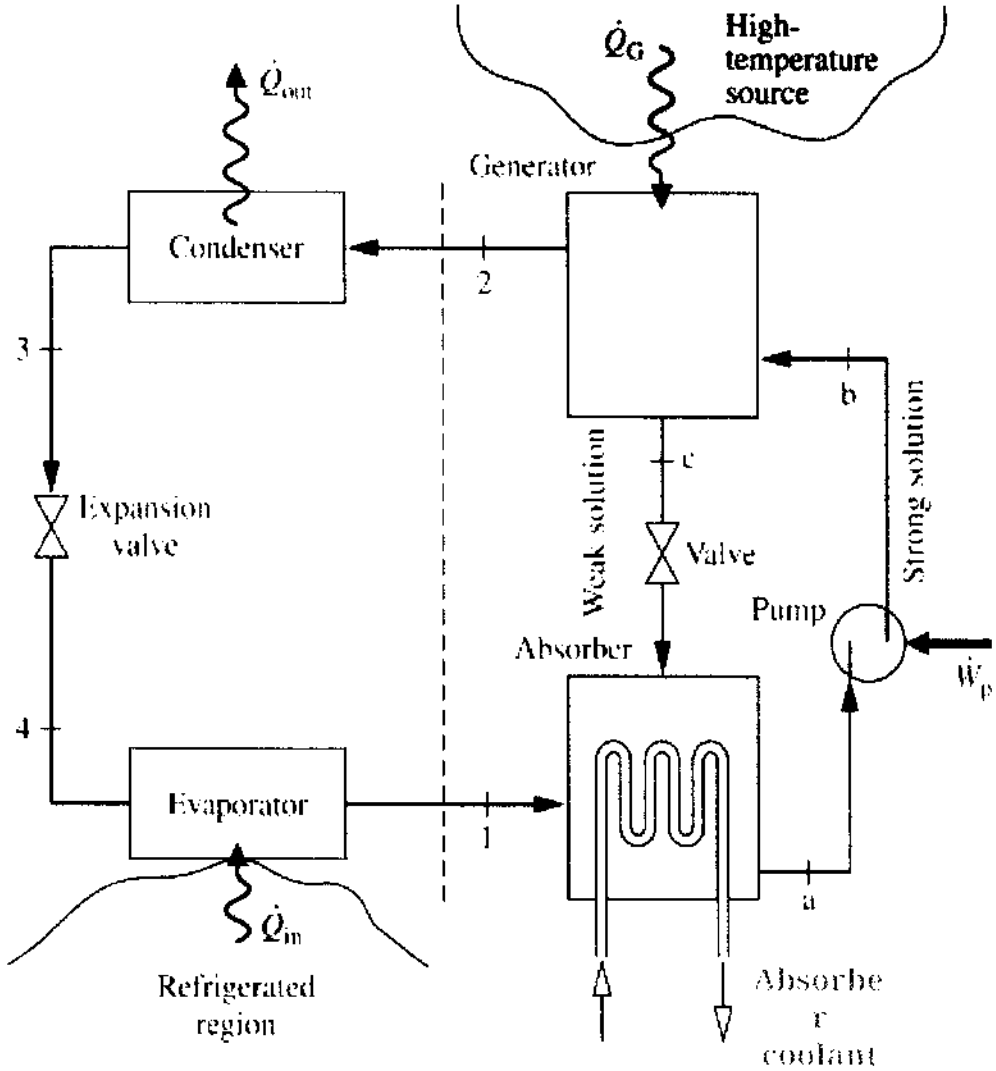

- When there is a source of inexpensive thermal energy at a temperature of 100 to 200°C is **absorption refrigeration**.
- **Some examples include** geothermal energy, solar energy, and waste heat from cogeneration or process steam plants, and even natural gas when it is at a relatively low price.

Vapour Absorption Refrigeration

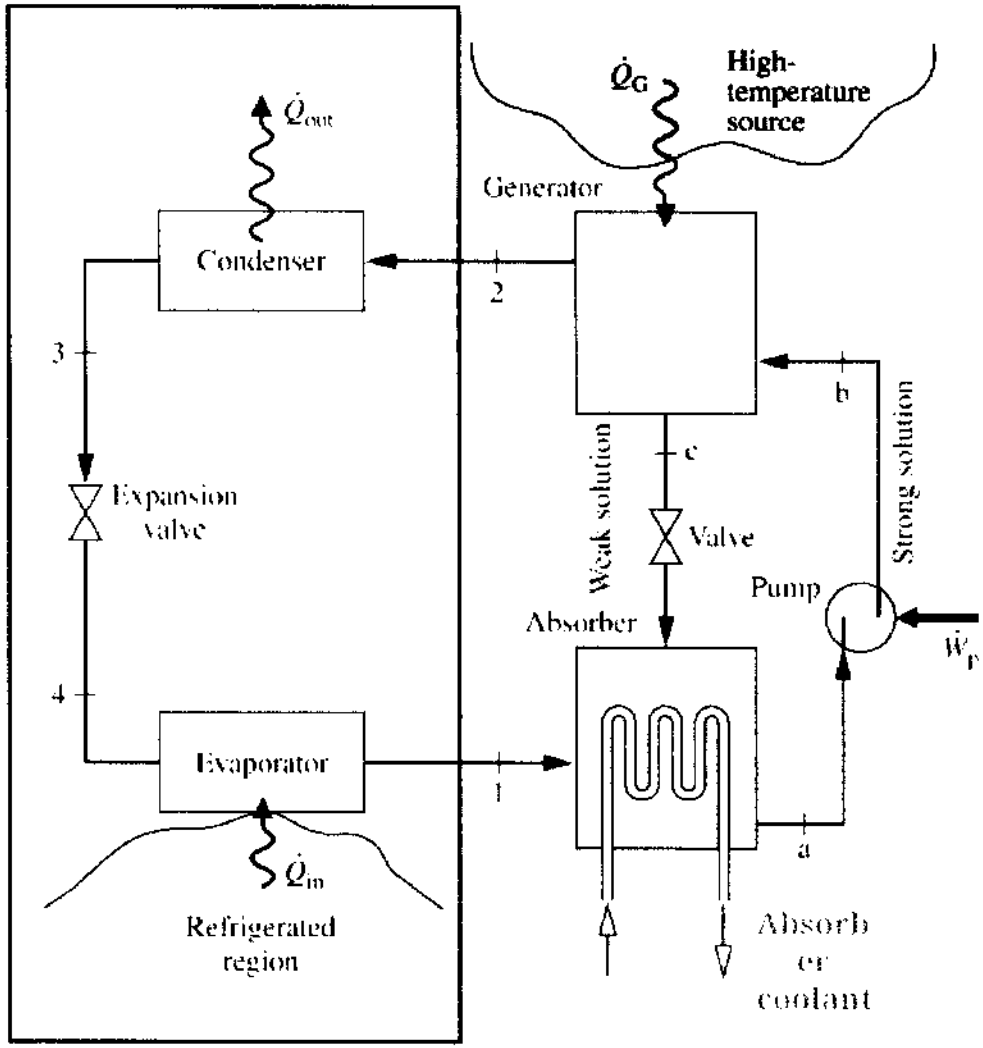

- Absorption refrigeration systems have important commercial and industrial applications.

- The principal components of an ammonia-water absorption system are

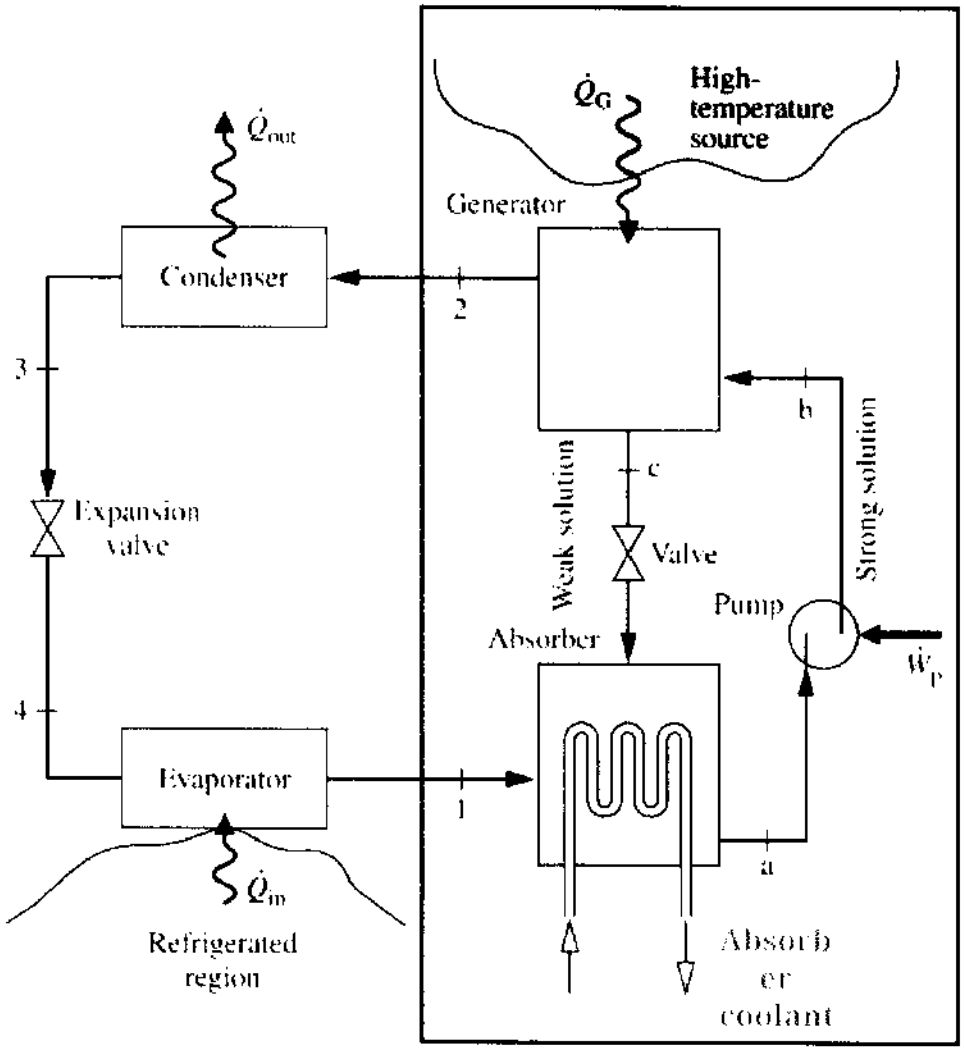

Vapour Absorption Refrigeration

- The left-side of the schematic includes components familiar from the discussion of the vapor-compression system: evaporator, condenser, and expansion valve. **Only ammonia flows** through these components.

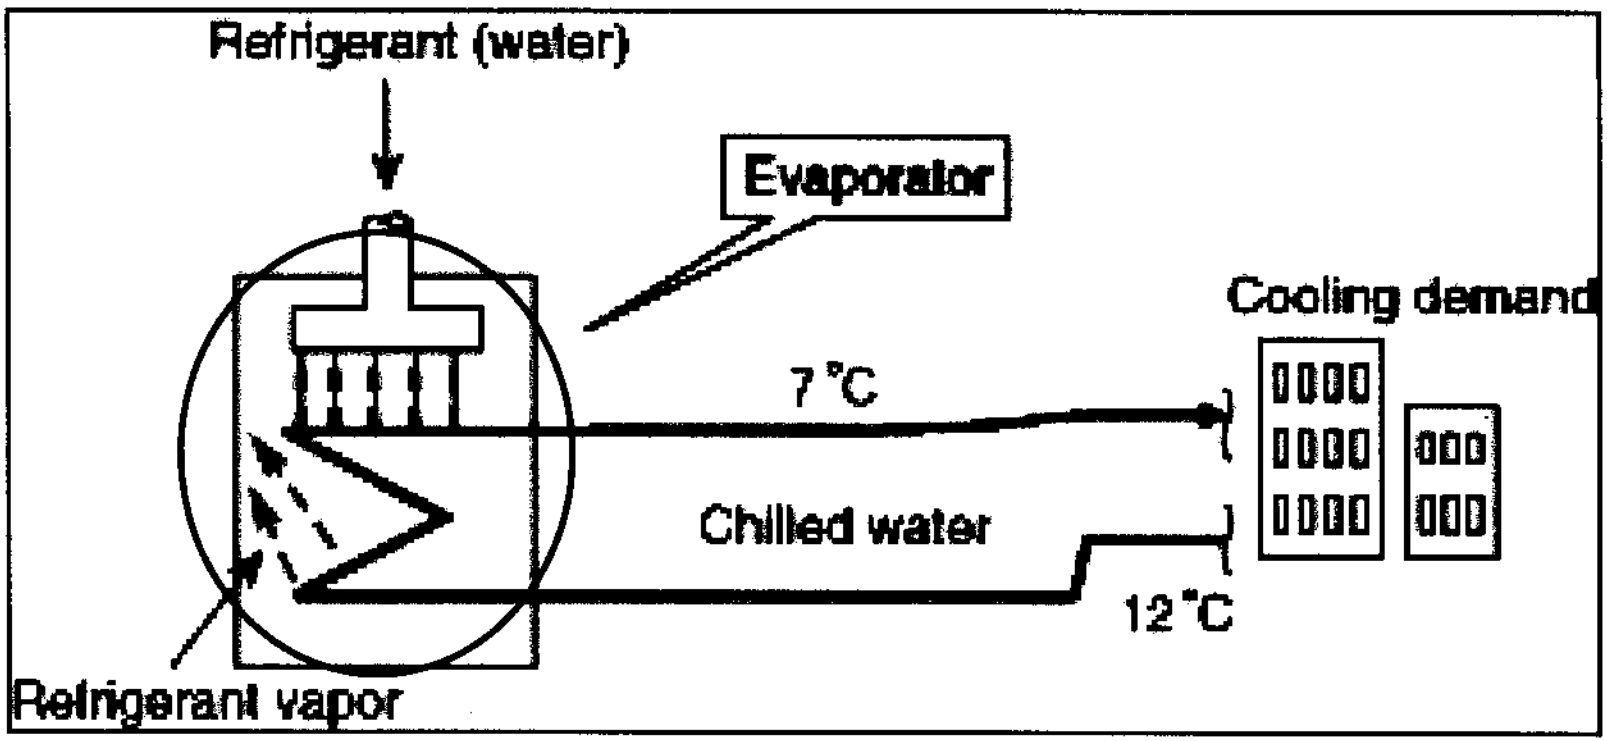

Vapour Absorption Refrigeration

- The right-side of the schematic includes components that replace the compressor of the vapor-compression refrigeration system: absorber, pump, and generator. These components involve **liquid ammonia-water**

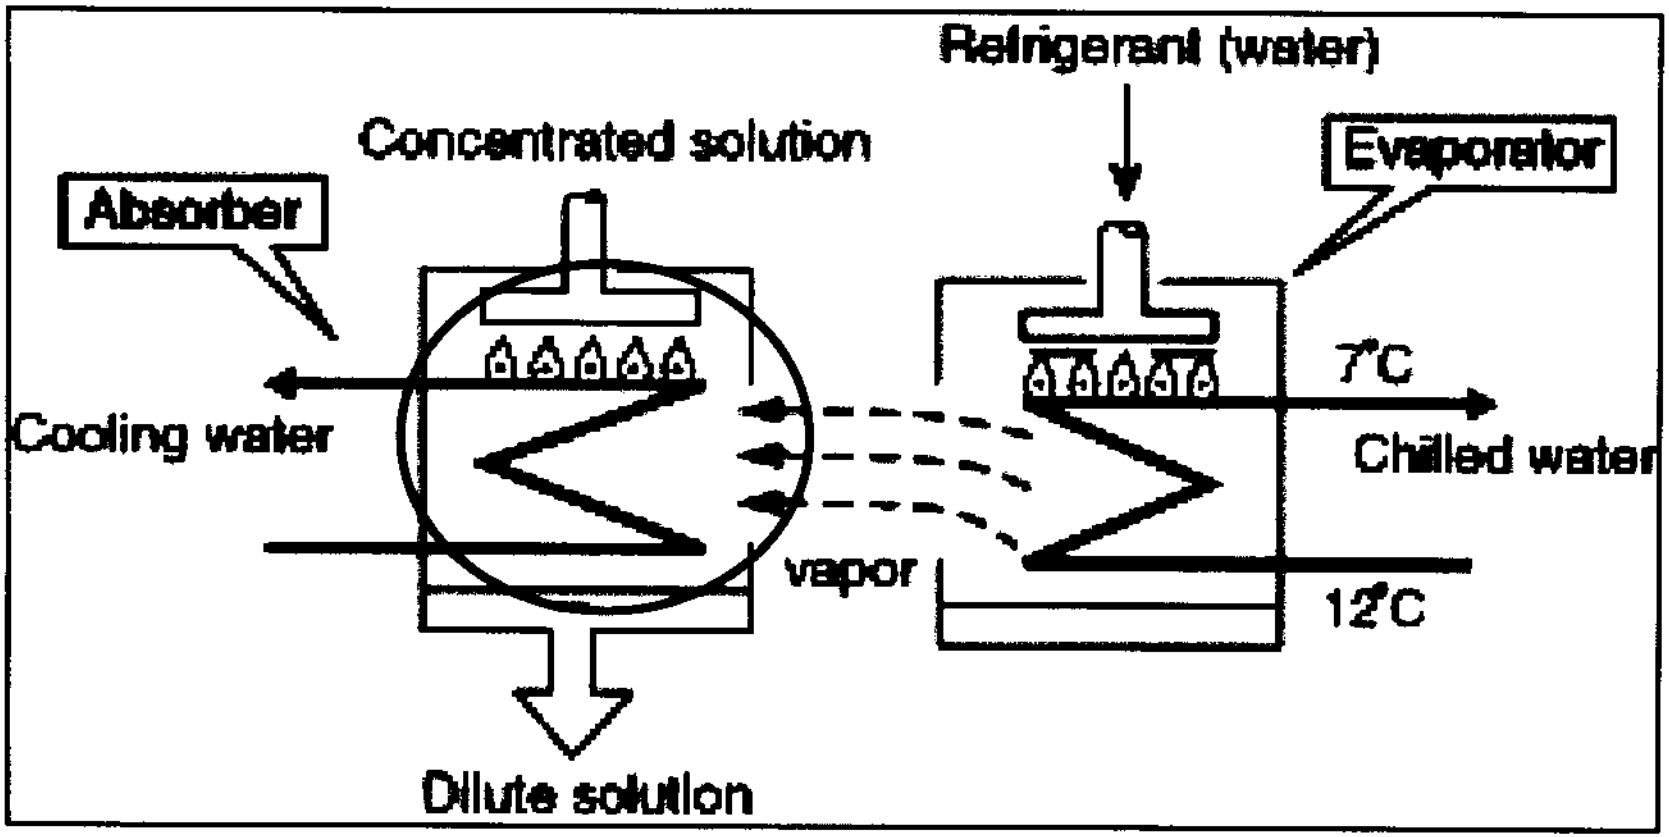

Vapour Absorption Refrigeration

- **Evaporator**

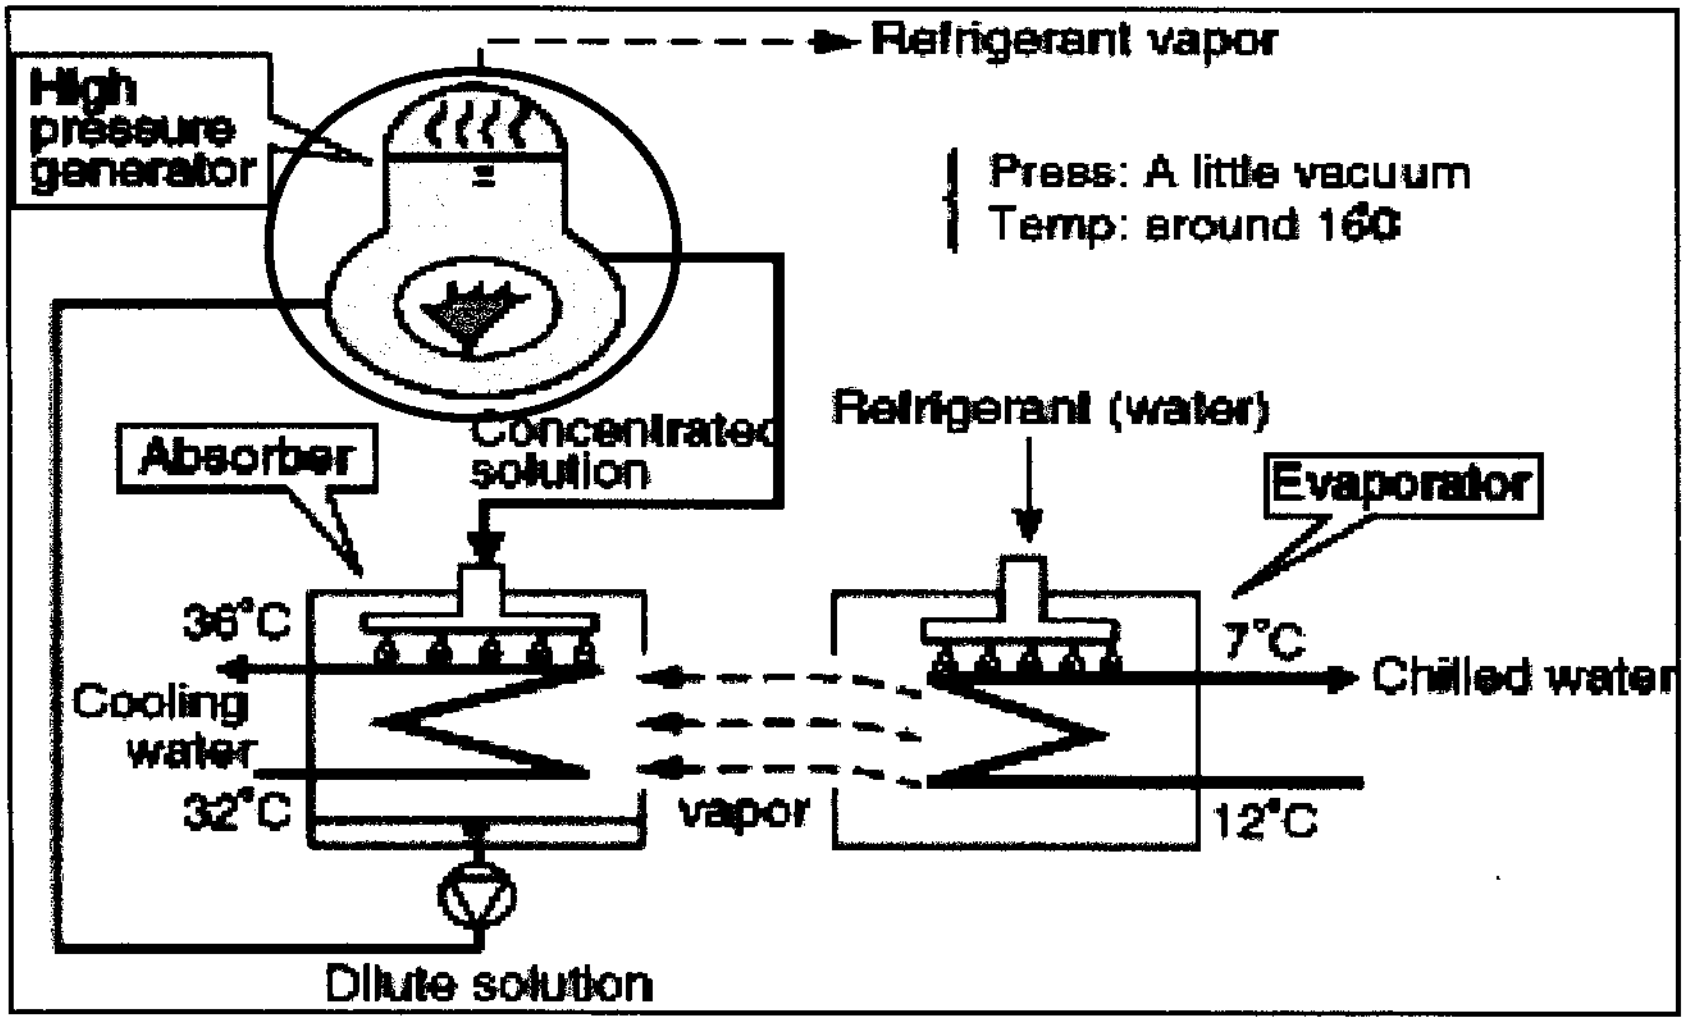

Vapour Absorption Refrigeration

- **Absorber**

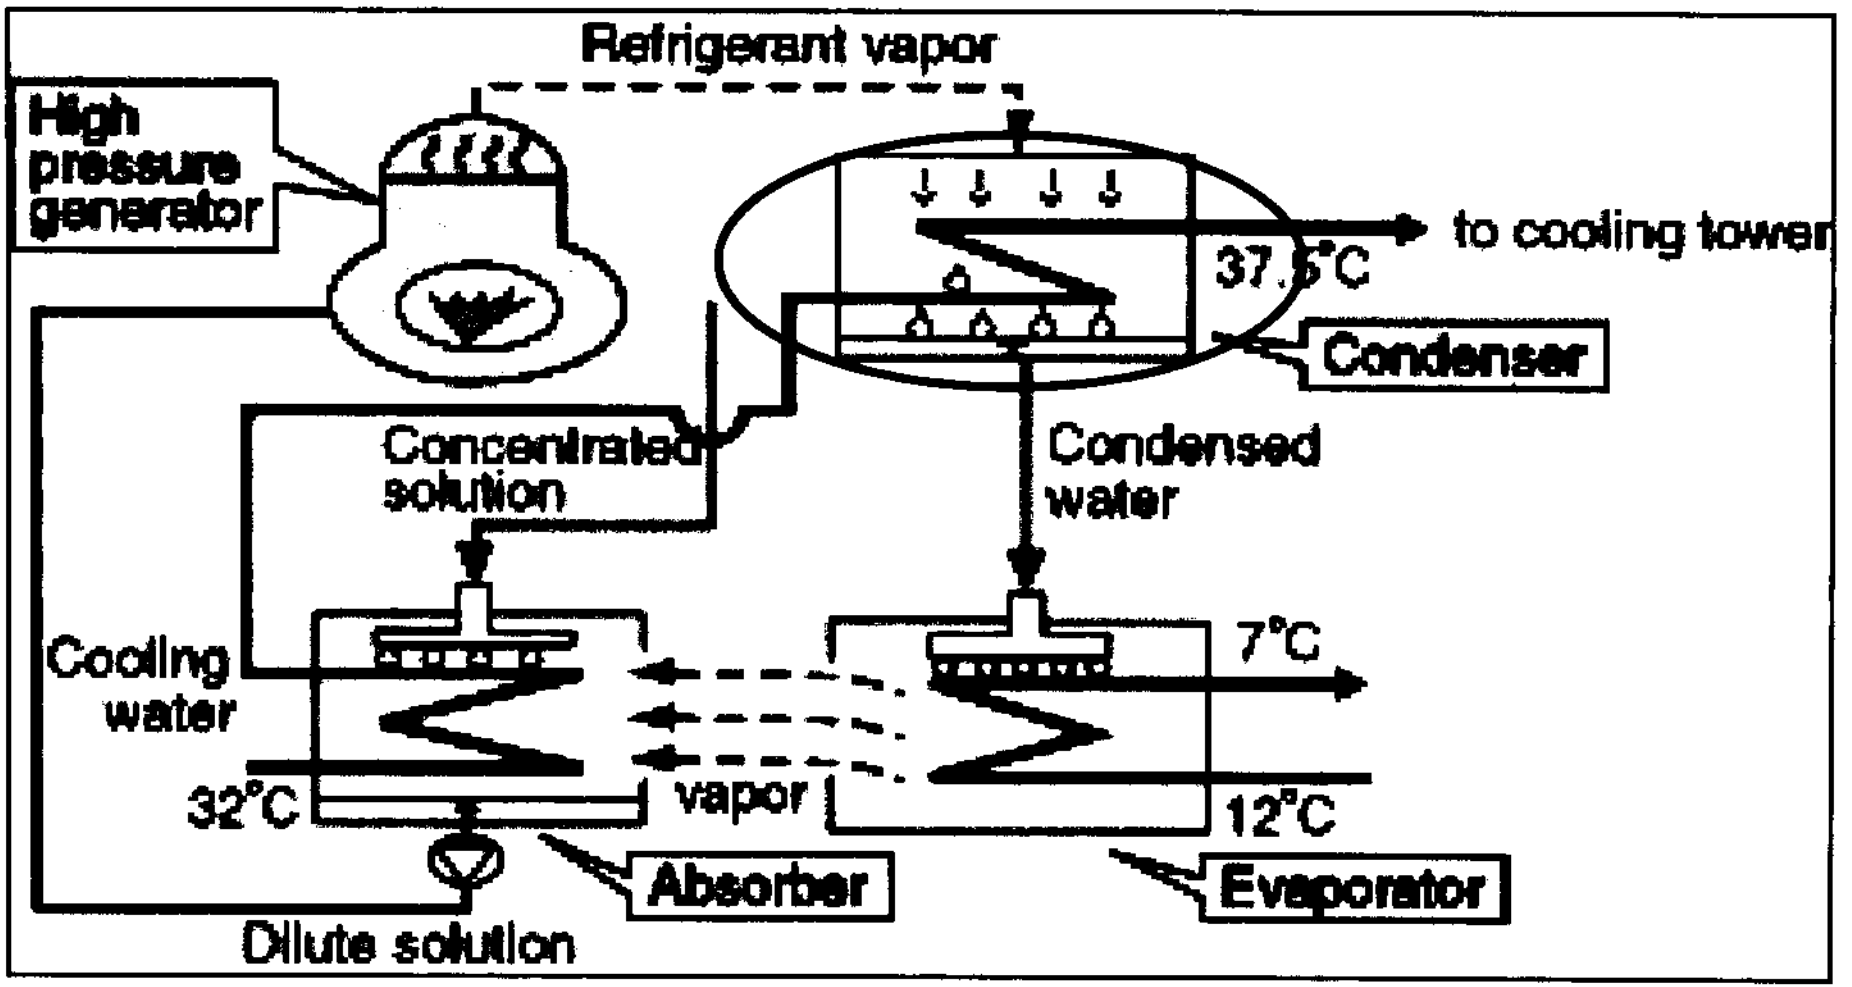

Vapour Absorption Refrigeration

- **High pressure generator**

Vapour Absorption Refrigeration

- **Condenser**

9. Interdisciplinary or Multidisciplinary Research Council (IMDRC) & Its Functions:

The objective of the constitution of Interdisciplinary or Multidisciplinary Research Council (IDRC) is to synthesize the knowledge and ideas from many disciplines to core research in the specific discipline in which the scholar is conducting research. In other words, the IDRC is constituted by Gandhinagar University to address the problems of research scholars other than the core subjects. The IDRC shall provide a platform for interaction across the boundaries of variety of disciplines like environmental science, humanities, management, law computer science and so on.

For illustration, Valuation of real estate/ plants &machinery Courses involve law, economics, finance, town planning, Building Construction, Environmental engineering, insurance, industrial processes, machine tools, factory equipment and utility services. Thus, the research in valuation encompasses the interchange of the knowledge through the experts nominated of Gandhinagar University in the IDRC.

The IDRC shall thus promote the interchange of knowledge and its application in the core research through the experts of the council to complete the research leading to PhD (Interdisciplinary or Multidisciplinary) in the core area.

In order to conduct the research in core area say valuation or any such interdisciplinary or multidisciplinary area in which the scholar is interested in conducting PhD level research, the Supervisor shall be allotted by the University for the Interdisciplinary or multidisciplinary or multidisciplinary subjects The interaction with the respective expert member of the IDRC can be made upon express request by the Supervisor on

furthering knowledge to draw together the insights and approaches for one or more respective disciplines. This is to ensure the completion of research program leading to PhD.

The IDRC in nutshell, support the culture of interdisciplinary or multidisciplinary research when the research spans different disciplines in the Core research. This concept and the framework are in consonance with the NEP,2020.

The Broad objectives of IDRC are:

- To encourage and render necessary knowledge support for the core research proposals spanning different disciplines.
- To evaluate the proposals and ensure that efforts are made to identify the gap in the research proposal which falls in the domain of interdisciplinary or multidisciplinary research. The gap analysis made by the scholars shall be peer reviewed by the IDRC.
- To allot the Interdisciplinary or multidisciplinary Research Co-Supervisor / Research Advisor considering the pertinent area of the proposed research and constitute IDRC for each of the scholar.
- To offer supportive knowledge to the PhD interdisciplinary or multidisciplinary research scholars in completion of PhD program upon express request in writing to the IDRC by the Supervisor of the scholar.

10. Viva Committee:

Function: Viva Committee shall evaluate the research scholar's thesis, subject, work, presentation, and competency. Research scholar will have question and answer session Infront of Viva committee and audience.

Members will submit their evaluation in the prescribed format to the PhD. Department for further action

Note: Vice Chancellor (Provost) of the University can take any action necessary for maintaining quality of PhD program whether the matter is covered or not in the guidelines. University has the right to make appropriate changes without prior information.

10. Evaluation and Assessment Methods, minimum standards/credits for award of the degree, etc.:

The Ph.D. scholar is obligated to conduct research and produce a preliminary dissertation/thesis within a reasonable timeframe determined by the relevant Institution in accordance with these Regulations.

a. Before submitting the dissertation/thesis, the scholar must present it to the Research Advisory Committee of the University/ Institution, allowing all faculty members and other research scholars to attend. Any feedback and comments received from this presentation should be appropriately integrated into the draft dissertation/thesis in consultation with the Research Advisory Committee.

b. Ph.D. scholars are required to publish at least two (2) research paper in a peer-reviewed journal and deliver two paper presentations at conferences/seminars before submitting the dissertation/thesis for evaluation. a. Failure to provide prior notice or obtain leave approval for an uninterrupted absence exceeding four weeks.

b. Voluntary resignation from the Ph.D. Program.

c. Neglecting to renew registration by fulfilling tuition fee obligations within any semester.

d. Inadequate research progress, leading to the Departmental Research Committee (DRC) documenting reasons for dissatisfaction and proposing corrective actions. Failure to implement these measures may prompt the DRC to recommend registration cancellation, supported by specific justifications. Ultimately, based on comprehensive reports from the DRC and Supervisor(s), the Vice Chancellor (Provost)/ VC nominee retains the authority to revoke the Scholar's registration.

e. Engaging in misconduct and/or displaying indiscipline.

f. Re-enrollment following registration cancellation due to any of the aforementioned reasons shall be strictly prohibited.

14. Ph. D. REGISTRATION/RE-REGISTRATION

i. The student must submit a proposed Synopsis to the Research Advisory Committee (RAC) through their supervisor. The Chairperson will arrange a seminar for the Synopsis presentation. Guidelines for the preparation of the Synopsis are detailed on the subsequent page.

ii. The Synopsis should outline the chosen area/issues/problems, reference past research/literature on related areas, detail of the methodology/ experiments/ fieldwork/ approaches to be employed and highlight the anticipated outcome and significance of the research. Upon successful completion of the Synopsis Viva-Voce, the student becomes eligible for program registration.

iii. The Research Advisory Committee (RAC) will evaluate the feasibility of the Synopsis and the student's readiness to conduct the research, and provide one of the following recommendations:

iv. Based on the suitability/feasibility of the Synopsis and the student's preparedness, they may proceed with the research work.

v. If necessary, the student will be asked to revise the Synopsis, incorporating the provided suggestions, and resubmit it within one month to RAC.

vi. The RAC will also approve the thesis title during the Synopsis presentation. This title will be recorded in the register and is considered final, barring any changes.

vii. Two hard copies of the Synopsis must be submitted in the prescribed format, along with a softcopy on CD.

viii. The Research Advisory Committee (RAC) meeting will be conducted to evaluate the progress of the research scholar during the second-to-last month of each semester. The scholar must submit duly filled and signed Form, along with additional attachments detailing the research work conducted during the period, as well as a 15-minute PowerPoint presentation and a hard copy. The progress report should also include a copy of the current semester's tuition fee receipt. Advancement to the next semester is contingent upon complying with these mandatory requirements.

15. MONITORING THE PROGRESS OF RESEARCH

The RAC shall be constituted with the Research Supervisor and minimum two external members of the faculty for monitoring the progress of research of a Ph.D. student.

During the period of research work, all categories of students shall bein touch with their supervisor(s) and give at least one Research Progress Seminar (RPS) in every semester on experiments/fieldworks/ library works done.

Following the presentation of the Research Progress Seminar (RPS), a Ph. D. student shall submit Research Progress Report (RPR) in the prescribed format through the Supervisor & the Head within 15 days after the end of each semester to be placed for consideration of the RAC.

The RAC shall approve for appraisal with one of the following recommendations.

a. Allowed to enroll in the next semester and continue research.

b. Allowed to enroll and continue research but with suggestions for improvement.

c. As the performance is very poor, advised to discontinue.

16. SUBMISSION OF PRE-THESIS.

A doctoral student is required to submit their thesis within the designated timeframe through completion of the Pre-Thesis Submission Form. The presentation for the Pre-Thesis submission seminar will be held once the minimum required time has been fulfilled. The submission of the Pre-thesis should not occur prior to 45 days before the completion of the minimum stipulated time, and only after all prerequisites for the thesis submission have been met. These prerequisites include a minimum of two peer-reviewed/refereed publications/articles/book chapters and at least one paper presentation in a conference/seminar before the thesis submission. Details of these publications, articles, book chapters, and paper presentations must be included in the thesis.

Here are some additional guidelines:

a. The thesis, presented in a spiral-bound format, should be submitted in two copies, along with a soft copy in CD format. Additionally, a Plagiarism report must be submitted to the Research Supervisor in the prescribed format.

b. According to UGC guidelines, the thesis must contain a certificate issued by the RAC, verifying the completion of a plagiarism check.

c. The Pre-theses viva-voce will be conducted by the RAC.

d. Pre-Ph.D. Viva-Voce Examination, as well as the Attendance Sheet for Conduct Pre Ph.D.-Viva-Voce (both online and offline), will be required.

e. A report of corrections, as suggested by experts during the Pre-Thesis stage, should be attached if necessary.

17. SUBMISSION OF FINAL-THESIS

Before the thesis submission, the student must ensure that all necessary information is provided as

indicated below:

a. Typically, the thesis should be composed in English following the specified format. However, for Departments of Languages, the thesis may be written in the respective language of study.

b. It is imperative that no section of the thesis has been previously submitted for the purpose of attaining any degree or diploma from Gandhinagar University or any other academic institution.

c. Initially, two copies of the thesis should be submitted in paperback cover along with a softcopy on a rewritable CD. Within six months of the Pre-thesis Viva-Voce Examination, the final hardcover copies (including two for examiners, one for the supervisor, one for the library, and one for the student) as well as a soft copy on a rewritable CD, incorporating any suggestions or modifications recommended by the Examiners, must be submitted.

d. Color Code for thesis cover can be as:

1.	Ph.D.	Blue with Golden Letters

At the time of thesis submission, the candidate must provide a "No due certificate" obtained from the relevant departments/sections/offices/library, which should be submitted through the Supervisor (and Co-supervisor, if applicable).

Here are some additional requirements:

a. A concise summary/abstract of the thesis (limited to 1000 words) needs to be included along with the final copy of the thesis, with a total of five copies to be submitted.

b. The Pre-thesis must receive approval from the RAC or Designated Committee before submission.

c. The candidate should have two research publications in Referred Journals/UGC listed journals.

d. Additionally, One Certificates of presentation either national or international conferences/seminars or workshops is are required.

18. EXAMINATION OF THESIS

i. The Supervisor (and Co-supervisor, where applicable) for a Ph.D. student is responsible for submitting a panel of at least five (5) examiners from within Gujarat State and at least

five (5) examiners from universities outside of Gujarat State to the Vice Chancellor of Gandhinagar University.

ii. The Vice Chancellor will then approve the Internal Examiner and two Examiners chosen from the enlisted panel as External Examiners.

iii. The Supervisor, who certifies the thesis for submission and subsequently acts as the Internal Examiner, is tasked with evaluating the thesis after receiving the comments of the External Examiners, whose names are kept confidential. The Supervisor/Internal Examiner not only assesses the thesis but also ensures that the Ph.D. student has considered or incorporated the comments of the External Examiners into the thesis.

iv. In addition to the Ph.D. thesis examination report, the Internal Examiner and two External Examiners are requested to submit their considered opinions, recommending one of the following four options:

- The thesis is accepted for the award of the degree, after submitting the duly signed Letter of Acceptance/Non-Acceptance for Ph.D. thesis evaluation.
- The thesis is accepted subject to the suggested modifications being carried out without further reference.
- The thesis is not satisfactory for the Viva Voce examination, but the candidate is permitted to resubmit the thesis in a revised form for re-examination.
- The thesis is rejected.

v. The evaluation period for the Ph.D. thesis is limited to three (03) calendar months, with an additional provision of a grace period of two (02) months. If the thesis evaluation report is not received within this period, the thesis will automatically be sent to the next examiner in the panel by the sixth (6th) month.

vi. In the case of recommendation, the student must submit the modified or corrected version of the thesis within three (03) months, implementing the suggested modifications.

vii. In the event that both external examiners reject the thesis, the candidate and the supervisor will be notified accordingly. The candidate may be allowed to re-register without the need to repeat the completed coursework. The candidate must submit the thesis within a period not exceeding six semesters.

viii. If one of the external examiners rejects the thesis, it will be sent to a third external examiner after approval by the Vice Chancellor. If the third examiner also rejects the thesis, the decision of Vice Chancellor/ RAC will be considered final. However, if recommended by the Supervisor, a process similar to point vii may be adopted.

vi. In case of amendments made to a thesis, the following guidelines must be adhered to:

i. The RAC will send copies of the examiners' reports to the Supervisor/Co-supervisor to advise the student on incorporating necessary corrections.
ii. The student is not allowed to make any changes to the thesis that are not specified by the examiners or implied in their reports.
iii. Corrections and modifications to the thesis should be incorporated in the text by changing the pages, tables, and figures where necessary, with a separate sheet indicating the corrections made, including the page numbers, within two months.
iv. If the student requires more time to complete the modifications, an extension of time can be requested by submitting an application to the Research Supervisor.

19. AWARD OF Ph. D. DEGREE

i. The University's Board of Management (BOM) will be responsible for conferring the degree based on the recommendation provided by the Academic Council.

ii. The official date of award or attainment of the Ph.D. degree will correspond to the date of the meeting and approval of the BOM. This information will be communicated by the Office of the Registrar.

iii. An Ordinance will empower the Chairperson of the Academic Council (AC) or the Board of Management (BOM) to issue the Original Degree Certificate to a deserving student upon a written request, along with supporting documentation and payment of any applicable charges, prior to the Convocation.

v. The issuance of the Certificate of Compliance of the Ph.D. Degree.

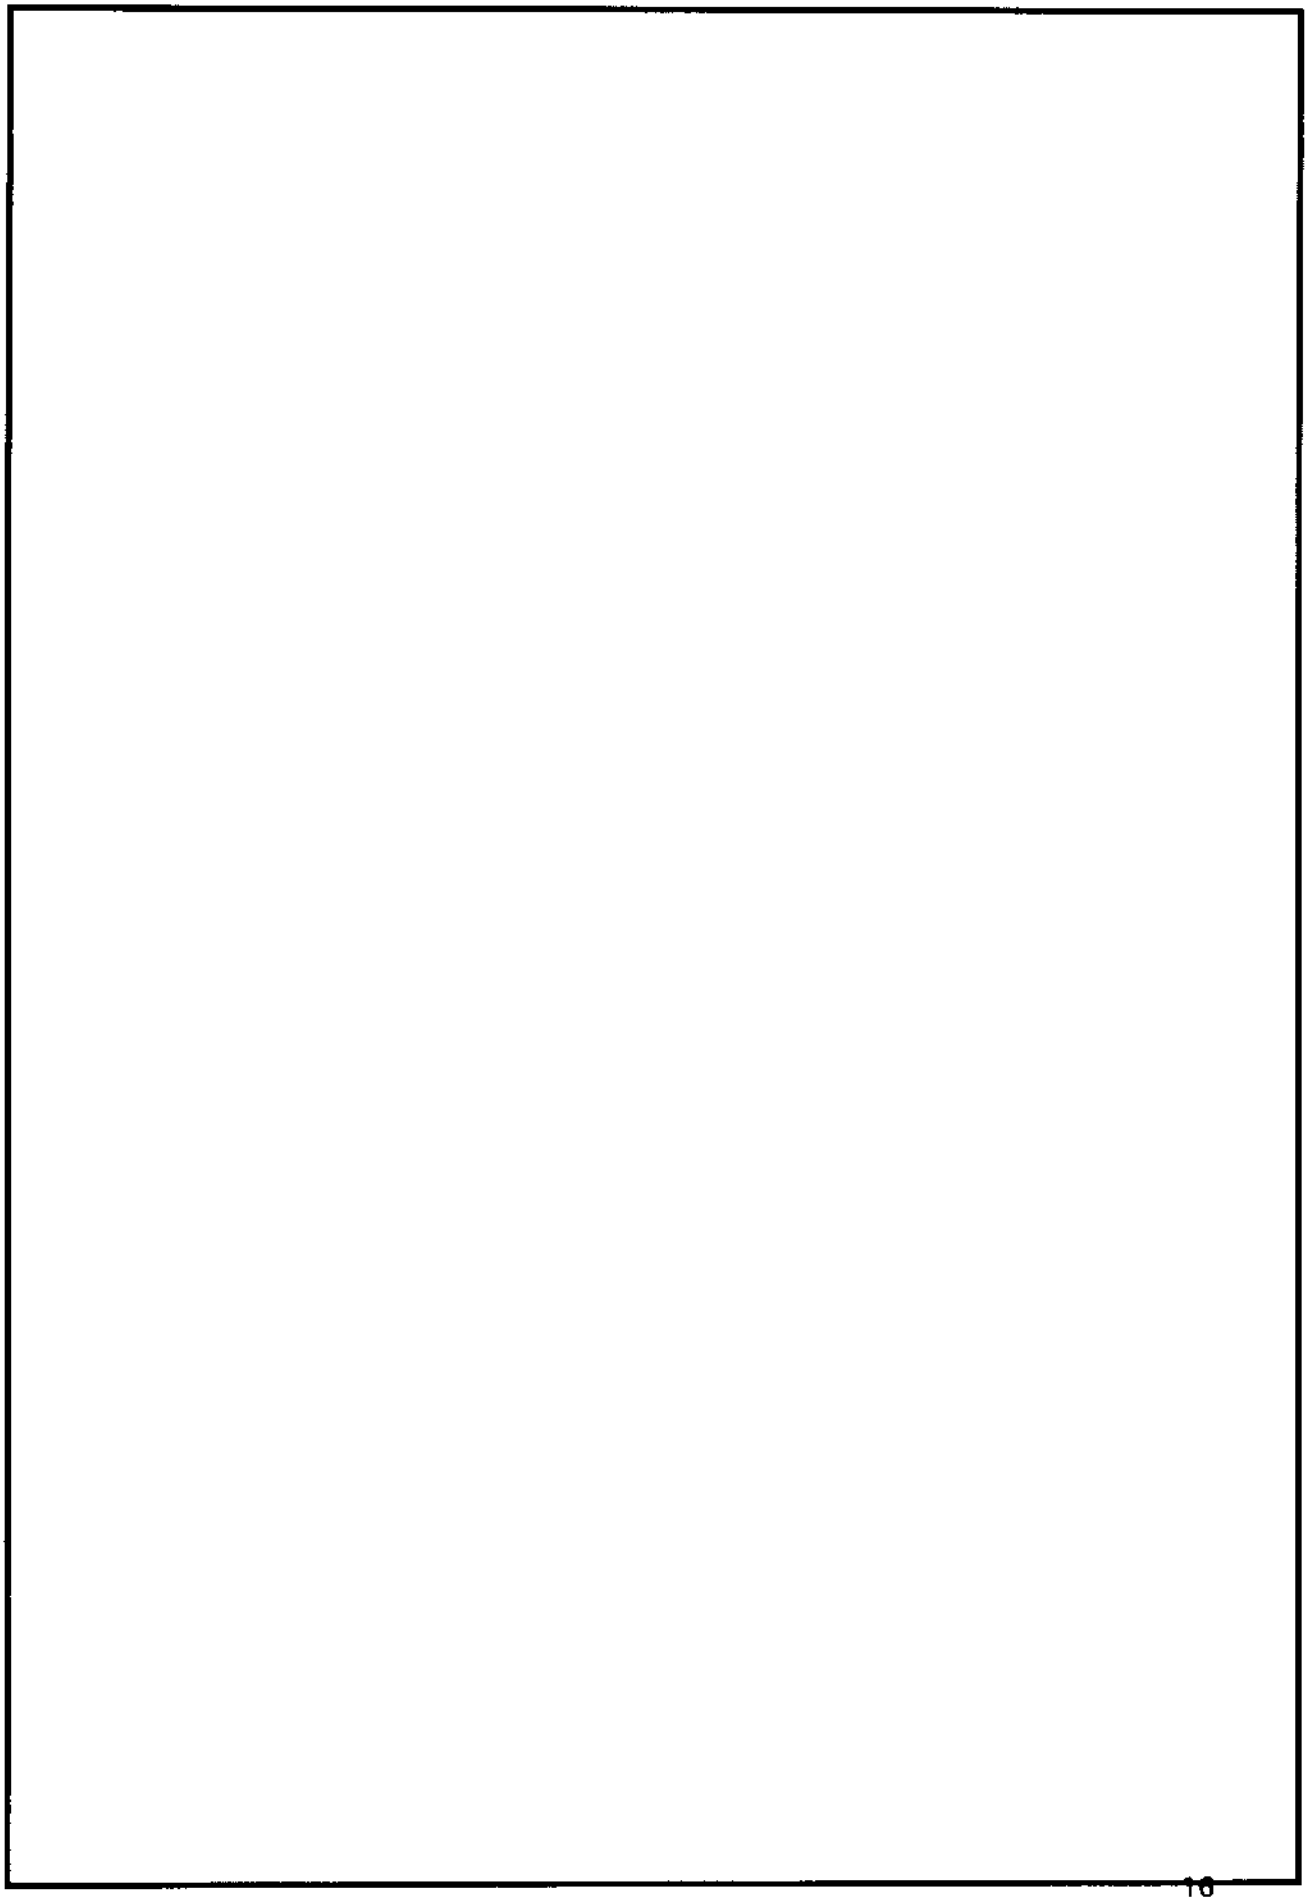

20. CONFIDENTIALITY AND COPYRIGHT OF THE THESIS

i. The University shall maintain the confidentiality of the thesis content.

ii. According to the Copyright Act of 1968, the copyright of the thesis shall belong to the respective Ph.D. holder.

iii. Candidates are required to sign a statement upon thesis submission, granting the University permission to allow others to access the University copy of the thesis for reading and use in research or private study. The statement will include the following: "I agree that my Ph.D. thesis titled (title) will be archived in the University Library and made available (if applicable after the expiry of any period of approved restricted access) to any individuals entitled to use the Library. It may also be photocopied or microfilmed by or on behalf of the Librarian for research or private study in accordance with the provisions of the Copyright Act 1968. I agree that any library user may quote extracts from the thesis in any paper or written work, provided the source of the quotation is acknowledged." If the author of the thesis or the supervisor intends to publish the content as a book, they must obtain clearance from the University.

TThe detailed IQAC Policy for Gandhinagar University.

The Internal Quality Assurance Cell (IQAC)

Office Order

Date: 03.05.2023

1.0 Preamble:

The University Grants Commission (UGC) through a gazette notification dated 19th January 2013, has made it mandatory for Higher Educational Institutions (HEIs) to undergo National Assessment and Accreditation Council (NAAC) accreditation. The NAAC is an autonomous institution established by the UGC, under Section 12-ccc of the UGC Act of 1956, for assessing and accrediting higher education institutions (HEIs) of the country. In pursuance of its Action Plan for performance evaluation, assessment, & accreditation & quality up-gradation of HEIs, the NAAC proposes that every HEIs should establish an Internal Quality Assurance Cell (IQAC) as an accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system & work towards realisation of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent, & catalytic improvement in the overall performance of institutions. For this, it will channelize all efforts & measures of the institution towards promoting its holistic academic excellence.

2.0 Gandhinagar University IQAC Cell

The Internal Quality Assurance Cell (IQAC) was established in 2022 at Gandhinagar University (GU) with the focus to make the quality the defining element at GU. FEE ORDER

ORDER made in the matter of determination of fee structure for the Academic Years 2020-2021, 2021-2022 & 2022-2023:

In pursuance of the powers conferred upon it, the Fee Regulatory Committee ("the Committee" for short) which is constituted under the provisions of **The Gujarat Professional Technical Educational Colleges or Institutions (Regulation of Admission and Fixation of Fees) Act, 2007 ("the Act" for short)** intimated all the institutions which are subject to the jurisdiction of the Committee, to submit their proposals for determining the fee structure for the block period of 3 years of 2020-21, 2021-22 and 2022-23 on 18/03/2020. The deadline for submission of applications was extended from time to time in view of the then prevailing COVID-19 situation. The Committee also appealed to all the institutions on 17/04/2020 that considering the extraordinary critical situation which had arisen on account of the COVID-19 pandemic, they may maintain the status quo as regards to the fee chargeable from the students at least for the academic year 2020-21. The Committee appreciated that most of the institutions had responded positively and agreed to continue the same fee for the year 2020-21 which was determined by the Committee for the year 2019-20.

1. However, due to continuing pandemic conditions, in particular the second and third wave of COVID-19, the Committee's exercise of determining the fee structure of more than 600 institutions for the remaining period got delayed. In the meantime, the Association of Self-financed colleges vide its letter dated 19/11/2021 conveyed its decision to the Education Department, Government of Gujarat & the Committee that the members of the Association will not seek any

Gas Technology Institute, Surat vide their letter dated 20/12/2021 for the block period 2020-21 to 2022-23 and it furnished to the Committee list of its members on 13/01/2022. Similarly, Registrar, PDEU, Gandhinagar, SAL Group of Institution, Ahmedabad and C. K. Pithawala group of institutions, Surat conveyed their decision of maintaining the same fee of the year 2019-20 for the period of 2020-21 to 2022-23 to the Committee vide their letters dated 15/12/2021, 17/01/2022 and 19/01/2022, respectively. The Committee in its letter published on the website on 28/02/2022 highly appreciated the philanthropic decision of these institutions and conveyed its sense of gratitude to their management.

2. Considering the fact that the COVID-19 pandemic has caused a disastrous effect on the economy worldwide and the enormous difficulties it has created in the day-to-day life of all sections of society, the Committee, purely on humanitarian ground, appealed to all institutions other than the institutions mentioned in Para-1 to maintain the status quo as regards to the fee chargeable from the students for the block period of 3 years of 2020-21, 2021-22 and 2022-23 at par with their existing fee of the year 2019-20. This appeal was also made to the institutions which had started in the year 2020-21 or 2021-22 while conveying to them their fee structure. This appeal was made by the Committee in writing to all the institutions individually. In response to this appeal, 377 institutions conveyed their consent to the Committee for maintaining the status quo as regards to the fee chargeable from the students for the block period of 3 years of 2020-21, 2021-22 and 2022-23 at par with their existing fee of the year 2019-20. Out of the remaining institutions, 171 institutions did not propose any rise in the block period of 3 years of 2020-21, 2021-22 and 2022-23, while 10 institutions proposed reduction in the fee structure. Moreover, 44 institutions which have started functioning in the year 2020-21 or 2021-22 also agreed to maintain the status quo as regards the fee chargeable at par with the latest fee structure determined by the Committee till the year 2022-23. Thus, out of 630 institutions under

the jurisdiction of the Committee, overall 602 institutions are to maintain the status quo with regards to their respective existing fee.

3. In view of the above, by this common order, the Committee now prescribes the fee structures of 602 institutions listed in **Appendix-I** to this order for the block period of 3 years commencing from the year 2020-21, 2021-22 and 2022-23 subject to the following conditions:

   i. The fee structures mentioned in **Appendix-I** are the fees in Rupees per annum per student.

   ii. The fee structures determined by the Committee shall be binding for a period of three years. The fee so determined shall be applicable to the students admitted in that academic year and shall not be revised till the completion of his/her professional course in the same institution.

   iii. As per section 11 (2) of the Act, the fees indicated in **Appendix-I** to this order include all types and kinds of fees such as Tuition fees, Library fees, Laboratory fees, Computer Fees, Caution Money, Gymkhana, Internet, Sports and Recreation, Self/Personality Centers fee, University Affiliation fees (if any) and the like. As such the institution shall not collect any other fee from the students except the fees as mentioned in **Appendix-I** to this order.

   iv. The fee structures stated in **Appendix-I** are subject to any direction, circular, orders or notification that may be issued by the Government of Gujarat, Government of India, Statutory or Regulatory Body or Any Court of Law with regard to fees to be charged by institutions for the year 2020-21 or for any other period that may be prescribed by it.

   v. No institution shall collect fees for the full course at the time of admission. The fees shall be collected per semester or term of 6 (Six) months as the case may be.

vi. No [illegible] security refundable [illegible] their parents.

vii. No institution shall compel any student to avail of any facility including hostel and transport as a part of the condition for admission or its continuity till the end of the full tenure of the course.

viii. Every institution shall notify the Fee structures on its Notice Board and also display copy of this order on its Mandatory Disclosure Link on its official website.

ix. Additional fees charged from the students admitted under the NRI Quota shall be credited to a separate bank account and the same will be used only for the benefits of the students belonging to the economically weaker class and/or for increasing / developing infrastructure facilities. The institution shall also furnish all the information pertaining to the utilization of excess fees from the NRI category students in the information memorandum which may be submitted along with the fee proposal for next block of three years.

Gandhinagar University

Scholarship Policy

1. Need-Based Scholarship Policy

Policy Objective: The Need-Based Scholarship Policy is established to provide financial support to students who face economic challenges in pursuing their education. The primary goal is to ensure that financial constraints do not hinder a student's access to quality education.

Eligibility Criteria:

a. ***Financial Need:*** Scholarships will be granted to students based on a thorough assessment of their financial need. This assessment will take into account family income, assets, and other relevant financial factors.

b. ***Academic Requirements:*** Applicants must meet minimum academic performance standards to be eligible for need-based scholarships. These standards will ensure that recipients are committed to their education.

c. ***Enrollment Status:*** The policy covers students at higher education level of education.

Application and Selection Process:

a. Documentation: Applicants will be required to submit relevant documentation, including income certificates, family financial statements, and any other necessary proofs to demonstrate their financial need.

b. Application Deadline: The scholarship application period will be communicated in advance, and students must apply within the specified timeframe.

c. Selection Committee: A committee will be responsible for evaluating applications and determining eligibility based on the established criteria.

d. Renewability: Need-based scholarships are typically renewable, contingent upon the student maintaining a satisfactory level of academic progress.

Disbursement and Monitoring:

a. Disbursement: Scholarships will be directly disbursed into the bank accounts of eligible students to ensure transparency and efficient financial support.

b. Monitoring and Evaluation: The scholarship program will be regularly monitored to assess its effectiveness and identify areas for improvement. Feedback from recipients will be actively sought.

2. Merit-Based Scholarship Policy

Policy Objective: The Merit-Based Scholarship Policy aims to recognize and reward academic excellence, motivating students to achieve their highest potential. It is designed to encourage students to excel in their studies and promote healthy competition.

Eligibility Criteria:

a. Academic Excellence: Scholarships are awarded based on academic achievements, including grades, standardized test scores, and other relevant criteria.

b. No Financial Need Requirement: Merit-based scholarships are not contingent on the financial status of the student or their family.

c. Enrollment Status: Merit-based scholarships are available at different levels of education, from school to university, with varying criteria for each level.

Application and Selection Process:

a. Academic Records: Applicants will be required to provide transcripts and test scores to demonstrate their academic merit.

b. Application Deadline: The scholarship application period will be communicated in advance, and students must apply within the specified timeframe.

c. Selection Committee: A committee will be responsible for evaluating applications and selecting recipients based on their academic achievements.

d. Renewability: Recipients must maintain a minimum level of academic performance to renew their scholarships, ensuring continued excellence.

Disbursement and Recognition:

a. Disbursement: Scholarships will be directly disbursed into the bank accounts of eligible students, facilitating their educational pursuits.

" Managed by Platinum Foundation "

b. Recognition and Prestige: Merit-based scholarships often come with recognition and prestige, motivating students to perform at their best and become ambassadors of academic excellence.

These scholarship policies, tailored to the needs of students, aim to create opportunities for financial support and academic recognition, ultimately contributing to the educational and personal growth of the recipients.

3. Government of Gujarat Scholarship Policy

The Government of Gujarat is committed to promoting education and ensuring that every eligible student has access to quality education. The scholarship policy of the Government of Gujarat is designed to support students in their pursuit of higher education. The key features of this policy include:

a. Eligibility Criteria: Scholarships are awarded to students based on their academic performance, family income, and specific criteria defined by the government.

b. Scholarship Types: The policy covers various scholarship types, including merit-based scholarships, need-based scholarships, and scholarships for students from marginalized communities.

c. Application Process: Students must apply through a designated online portal, providing necessary documentation and information.

d. Disbursement: Scholarships are disbursed directly to the bank accounts of eligible students to ensure transparency and accountability.

e. Renewal: Many scholarships are renewable, provided that students maintain a minimum level of academic performance.

f. Monitoring and Evaluation: The government continuously monitors the effectiveness of the scholarship program and makes necessary improvements based on feedback and evaluation.

g. Outreach and Awareness: The government actively promotes the scholarship policy to ensure that eligible students are aware of the opportunities available.

The Government of India, recognizing the importance of education for the nation's development, has established a comprehensive scholarship policy to support students at various levels of education. Key aspects of this policy include:

a. Diversity of Scholarships: The policy covers a wide range of scholarships, including those for students pursuing higher education, technical education, research, and vocational training.

b. Eligibility Criteria: Scholarships are granted based on factors such as academic performance, family income, and category, including scholarships for students from SC/ST, OBC, and EWS categories.

c. Online Application: To ensure accessibility, applications are accepted through a centralized online portal.

d. Renewability: Many scholarships are renewable, contingent upon maintaining satisfactory academic progress.

e. Financial Support: Scholarships provide financial assistance to cover tuition fees, living expenses, and other educational costs.

f. Merit and Means-Tested Scholarships: The policy offers both merit-based scholarships for outstanding students and means-tested scholarships for economically disadvantaged students.

g. Transparent Disbursement: Scholarships are directly disbursed into the bank accounts of the eligible students.

आयकर विभाग INCOME TAX DEPT. | भारत सरकार GOVT. OF INDIA

The Income Tax Department takes pleasure in informing that the PAN allotted to you is :

AABTP1113G

and the PAN card is enclosed herewith. Further, for filing the return of income, please contact :

ADIT EXEMPTION 1, AHMEDABAD

Quoting of PAN on return of income and challans for payment of taxes is necessary to ensure accurate credit of taxes paid by you and faster processing of return of income. Moreover, quoting PAN on all other communications with the department will help to improve taxpayer services.

We may inform that it is **mandatory to quote PAN** in several transactions specified under the Income Tax Act, 1961. For further details of such transactions, reference is invited to rule 114B of the Income Tax Rules, 1962 read with section 139A of the Income Tax Act, 1961.

In the unlikely event of more than one PAN being allotted, this fact should be brought to the notice of your Assessing Officer, as possessing or using more than one PAN is against law and may attract penalty of upto Rs. 10,000/-.

Any errors in the data printed on your PAN Card may be brought to the notice of IT PAN Services Unit at the address given above and on the reverse of the PAN Card.

INDEPENDENT AUDITORS' REPORT

To the Trustees,
Platinum Foundation

Opinion
I have audited the accompanying financial statements of Platinum Foundation which comprise the Balance Sheet as at March 31, 2023, Income and Expenditure account for the year ended on March 31, 2023 and a summary of significant accounting policies and other explanatory information. In my opinion and to the best of my information and according to the explanations given to me, the financial statements give the information required in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

Basis of Opinion
I have conducted my audit in accordance with the Standards on Auditing (SAs) issued by ICAI. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I independent of the entity in accordance with the ethical requirements that are relevant to my audit of the financial statements, and I have fulfilled my other responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the Gujarat Public Trust Act, 2011/ The Bombay Public Trust Act, 1950 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

AUDITOR'S RESPONSIBTILITY:
My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern. I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

As required under the provision of Gujarat Public Trust Act, 2011/The Bombay Public Trust Act, 1950 I annexe herewith my report in the prescribed format as per Annexure-A

INDEPENDENT AUDITORS' REPORT

To the Board,
Gandhinagar University

Opinion
I have audited the accompanying financial statements of GANDHINAGAR UNIVERSITY which comprise the Balance Sheet as at March 31, 2023, Income and Expenditure account for the year ended March 31, 2023 and a summary of significant accounting policies and other explanatory information. In my opinion and to the best of the information and according to the explanations given to us, the financial statements give the information required in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.

Basis of Opinion
I have conducted the audit in accordance with the Standards on Auditing (SAs) issued by ICAI. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I independent of the entity in accordance with the ethical requirements that are relevant to my audit of the financial statements, and I have fulfilled my other responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements
Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of **GANDHINAGAR UNIVERSITY** in accordance with the applicable Accounting Standards. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view andare free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Institution's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Institute or to cease operations, or has no realistic alternative but to do so.

The management is also responsible for overseeing the Institute's financial reporting process.

Auditor's Responsibility :
My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists,I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during our audit.
